Many Homesteads Filed On

A total of 71 homesteads were
filed on during the month of Sep-
tember in the Edmonton land
district, which includes a large
territory in central and northern
Alberta. In addition to this 11
older grants were filed on.

Heavy Registration at Varsity

Alberta University is receiving a
heavy registration for the coming
term. The number of students in
attendance is likely to exceed last
year's total of 1310.

Good Building Record

One million dollars in building
permits in the past nine months is
the record at Calgary which is a
considerable increase over last
year's record.

Alberta's Gas Production

For the first time in the province's
history, Alberta has taken the
first rank among the provinces of
Canada, in the production of
natural gas. The latest figures
of statistics report for the produc-
tion for the first six months of
this year states that Alberta's
production during that period was
1,647,084 cubic feet, with Ontario
second with a production of 1,237,
420 cubic feet.

Adopt New Name

It is thought advisable to adopt
the name of THE JOURNAL, as
there is "The Tribune" within 100
miles of St. Paul.

Premier King Speaks at Edmonton

Hon. W. L. McKenzie King, premier
of Canada, spoke at length to
the people of Edmonton on Monday
Oct. 5th and he at the outset de-
clared that the government's
Coal Policy. Mr. King declared for
the settlement of the Peace River,
a railway outlet from the Peace to
the Pacific Coast and if the treaty
with Australia in respect of dairy
products were found to be injurious
to Canadian butter makers, it would
be changed. He could not see where
in shipments of butter from Aus-
tralia in view of the great distance and
the difficulties of shipping a perish-
able commodity across the Pacific
could do any real harm to the dairy
industry of Alberta.

Mr. King praised the West Indian
treaty under which Canadian dairy
products enter the West Indies on a
50 to 60 per cent. preference over
U. S. dairy produce, while bananas,
oranges, apples etc., from the West
Indies enter Canada free. Mr. King
appealed to the West to refuse
allegiance to the Progressives who
would get no sympathy from the
rest of the House of Commons and
in his remarks on the tariff, en-
dorsed plans for an advisory board.
The tariff to be successfully applied
must bear equally upon all parts of
Canada, otherwise there would be
disunion here, while Canada lies
within the empire. Premier King
stated he had chosen representation
for every province in Canada and
cabinet ministers for the four western
provinces. The premier said he
had great difficulty to find who
he took office four years ago. He
dealt with the huge increase in the
public debt, the war debt, the un-
settled condition of Canada after
the war, the "bankrupt railway
debt" put through by Mr. Hughes
and the "hostility of a Tory Senate".
The interest on the public debt
was now greater than the whole
cost of carrying on the government
in the days of Laurier and Borden.
Mr. King said his government
had reduced the deficit from \$600,000
to \$300,000,000 during their
four years of office and had
saved \$5,000,000 in salaries alone
in the civil service, mounted police
and militia and had actually re-
duced ordinary business expenditures to
0.9 per cent of the total revenue.
The permanent obligations im-
posed by the C. N. R. amalgama-
tion was one of the really heavy
loads the government is carrying.
"We are just at the point where
Providence is taking us out of our
difficulties with the hostile Tory
Senate". Every new Senator this
government appoints is pledged to
Senate reform.

ST. PAUL, ALBERTA

Hon. Artur Meighen Conservative leader, addressed the assembly of Edmonton on Saturday Oct. 3rd. and criticized the policy of the Government. "In 1924 there were \$118,000,000 added to the railway debt and in 1925 \$116,000,000" stated Mr. Meighen "and of the \$118,000,000 all we ever could secure as having been spent on actual railway extensions, was a small amount in the railway extension act of 1924. The rest was used to pay the old C.P.R. debt. It was a policy of borrowing money to pay old debts into bankruptcy. What could have happened if we had not done so? The road would have been sold by the liquidators."

Ward has been received by Mr. and Mrs. Christie of their arrival in their new home in Brynfield, Ont. Mr. Christie made a trip, a distance of 2500 miles, auto and reports a very pleasant trip having gone by way of Peul, Minn., Chicago, Detroit, Windsor, London, Chatham and Toronto.

Mr. Bruntwater purchased a head of cattle around Bonny and shipped them out on Monday. Mr. Templeton for Beaver Crossing bought 60 head that were loaded at St. Paul Wednesday.

Cliff Seward and A. Spence purchased 1200 cattle in the Bonny country two weeks ago.

Thos. Collins of St. Joseph sold 2100 midgets de brie sur mer que 50 acres.

Threshing is pretty well finished round Bonnevile and wheat cuttings are a good grade, most being number 3 and some of it 1 and 2.

Senate Reform

How is what C. R. McIntosh of

North Battleford said some of

the members of the Senate.

"It is true, really true, that there

are too many marriages the

Senate has been overburdened. But

there will be freedom to marry in

the future. Legislative reform

without breaking the marital tie,

is impossible. Divorce means

but one thing, that the

relationship of the family, upon

which the stability of the state is

dependent, is destroyed and it

divorce is made so easy that it

can be obtained by any one who

wishes to do so. It is a greater

disaster to the family and the

state will be weakened to the

greater extent.

Overhaul of the court house

Wednesday, Mr. Buckler to

the members of the Senate.

"Do you understand the

nature of an act?" Witness: I think

it is a very serious matter.

Have You Been

a Victim?

---of the Threadbare Overcoat?

YOU will welcome the fact that you can now secure a Winter

Overcoat that will not go threadbare in a few months' wear;

and it will not cost you more than the commonplace ready-made coat.

You may have paid a high price for a so-called high-class imported

English overcoat with only the greatest disappointment when the

coarse, brushed surface quickly gave way to threadbare edges, always

and cuffs.

BEFORE you decide on your Winter Overcoat make a personal

comparison of the type of Overcoats shown at the New

Loon Lake

Mr. J. W. Connolly who recently sold six farm West of Leduc to Mr. Connolly, is building a house on the new place. Also Connolly, and his family are to spend their holiday years in the family circle with his children and grandchildren.

Mr. Richardson contemplates taking a trip to the home of his late father, who died in 1900. Mr. Richardson very much regrets that he cannot go there as he must stay here to look after the farm.

Quarter Sections

One of the biggest transactions in Alberta has just been closed by J. P. Moore, general manager of the St. Paul who purchased thirty-three quarter sections of land about 120 miles west of Edmonton. The purchase was made by the St. Paul who bought the land from the Government.

Mr. Moore, who is a resident of St. Paul, has just been launched in business as a small grocer and deli on the corner of the St. Paul and the corner of the St. Paul. He has just been launched in business as a small grocer and deli on the corner of the St. Paul and the corner of the St. Paul.

Mason & Risch Limited
PIANOS and PHONOGRAPHS

The Mason & Risch Piano represents all that is best of human endeavor in piano construction on grand and square advanced ideas; it is a recognized art product appealing to the cultured musical taste. It has won the highest attainable place in the estimation of those who have carefully studied it.

Substantiations, but all these when ever ready to manufacture, musical instruments, have been treated in a particularly qualitative quality, and with a particularly high standard of workmanship.

The instrument has been accomplished because the Mason & Risch is a wonderful and original creation, imitating no other piano, but possessing many features entirely its own.

HOCKEY

For the Jemits Valois, Charro, Remier and Lepin were best and Supt, Sigler, Mathew and Jemits were best for St. Paul.

The referees were Dechene and De Decon, the teams lining up as follows:

ST. PAUL: Pete Jacors, goal; Malhot and Comasoli, def; Pepi, center; Sigler and Shields, wings; L. Joly, J. M. Doyon (captain), J. Joly and Re, Valois, def; Charro, center; Remier and Maurice, wings; Poliback and Brownson, subs.

The Challenge sent to Alex. K. Deche, of Brownson, by "Red" Noel of Laidlaw, who nearly K.O'd. Laidlaw's the night of the Jemits-Paul home fight, has been accepted by the Jemits and Mathew, glove artist from Brownson. The boys have been in training several weeks and will begin work out here next Tuesday. A good bout is to be expected as both are fast and clean, scientific fighters. Watch for large posters and an advertisement in the St. Paul Journal.

Mr. and Mrs. H. Hand wish to thank all kind friends and generous neighbors who gave them such valuable assistance at the time of their recent illness and an advertisement in the St. Paul Journal.

Card of Thanks

Local News

K. P. Work, of the Bonanza (Canadian National) lot has won for Vernon, B.C., where he will reside in future. Gen. Work, Mr. Work, has, and has been Work, has been about a month ago. This lottery will be greatly missed by their many friends in St. Paul.

Mike Dushinski, well known sign painter and decorator, left last week for Vancouver and will be absent for several months.

Mon Johnson, of the Grande Prairie, arrived before noon to spend a few months with his sister, Mrs. Johnson. Mr. Johnson will begin teaching again next fall, her school being closed for the winter months.

Miss Dery of Edmonton and S. J. Dery Jr. are visiting their sister.

Born to Mr. and Mrs. Wingerich on Jan. 3, 1927.

First Council Meeting

Mayor Elected

The first meeting of the town council was held Jan. 5th in the town hall. On motion of Councilmen Lee and Hiven, W. P. Pagan was elected Mayor and J. W. Brown was re-appointed secretary. Treasurer on the same terms as last year.

H. H. Hiven introduced the matter of street inspection. At present, said for consumption to the residents of St. Paul will have to pass inspection by a competent authority.

A delegation from the Food Bureau, which they thought was a relief.

A curfew by-law was passed that all school children be off streets by 8 p.m. during the winter months and at 9 p.m. during the summer. The town police will watch after 8 p.m. that there be no fighting, reckless, boisterous talking and profanity by the boys on their way home.

A large number of people were present and took a great interest in the proceedings.

FLAT LAKE

Mrs. J. P. McClure and little daughter, Marcel, left Tuesday for three months to her old home at Farmington, Maine, while in St. Paul en route Mrs. Stan McKenna.

Nouvelles Locales

M. et Mlle Mairaud Lapierre, agents généraux de la Marine, ont retourné à St. Paul pour s'installer.

I. A. Maurin Claims

\$42500 from Maurin Hotel

Alleging in his statement of claim that he was wrongfully dismissed from the management of the Maurin Hotel Ltd. by H. C. Link of Edmonton and Harry A. White, attorneys of Mandate, co-owners of the Maurin Hotel here Mr. J. A. Maurin claims \$42,500. He alleges he was to have a third interest in the hotel which he had been mainly instrumental in establishing in the centre of the business section of St. Paul but at a meeting of the other two directors, H. A. White and H. C. Link, to which he was not invited he was present, he was ousted from his position as manager.

The plaintiff also claims \$100,000 damages with moral and accommodation for himself and his family. White, Paul, Mandate and Craig are acting for the plaintiff.

Elk Point Mail Service

The mail comes to Elk Point

by a train and the change the mail over to the mail coach.

Personal attention cannot be made in the morning (except) except a mail service to that of Elk Point and all come there about 6:30 a.m.

There were very little interruptions between St. Paul and Elk Point before the railway reached its final end. The mail train arrived at Elk Point at 6:30 a.m. and the mail coach left at 7:30 a.m. The mail coach was a small one and it was not very comfortable. A new era in Canadian export trade begins with the registration of the first export licence for the purpose of exporting Canadian salmon to Great Britain. The licence was issued solely for the Vancouver firm of Fraser & Neave Ltd. on January 15th, 1953.

There is more about this new era in export trade than meets the eye. It marks not only the beginning of a new era in the export of salmon, but the advent of a new era in the export of all Canadian goods and services, but also, in the export of Canadian capital.

It is a significant development in the export trade of the Dominion and the place of Canada in the world.

Confiance on la justice

Un pauvre homme se plaignait un jour qu'il lui avait vu des troupes de mouches pendant son sommeil.

Vous devriez donc bien à vous-même de vous en débarrasser.

Où, rependit le pauvre homme, se débarrasser des mouches, par ce qu'il se disait que la justice venait pour lui.

Il est certain que si chacun de nous doit compter avec tout ce monde pour protéger sa famille et son bien, et sera toujours en danger de l'existence publique, quel que soit son titre, de veiller à la sécurité de tous et de rendre justice à tous, cela n'est pas une tâche facile, et on ne peut pas se dispenser d'être juste.

Voters Attention!

**Directions as to the use of
Preferential Ballot**

The preferential ballot will come into general use for the first time in the forthcoming provincial elections. Every voter should be thoroughly conversant with the method of marking the ballot before attempting to vote.

Read these instructions:

The voter must not use the X mark

the name of the candidate who is his first choice, the figure 2 opposite his second choice, the figure 3 opposite his third choice and so on until he has voted for all the candidates on the ballot if he so wishes.

The voter may plump for one candidate alone, using the figure 1, without spelling his ball-ot, but is urged to vote to the full extent of his choice, so it is highly by doing this that the voter obtains the full benefit of this form of ballot.

The voter must not place more than one choice opposite any one candidate.

The voter must not mark the same choice for more than one candidate.

The voter must not make any marks on the ballot not authorized by these directions.

Read These Instructions Carefully

Distillate Test
By Professor Kelso, University of Alberta
In order to assure and convince users of
Alberta Refineries Distillate
that this product contains nothing harmful to motors, we sent a Sample to the Provincial Laboratories for a test. Below is the result of the test which is signed by Prof. Kelso, Director of Industrial Laboratories, of Alberta.

Dear Sir:
I beg to give you the following result of Tests and Sample of Distillate received from you.
Specific Gravity 0.8225
Acidity 0.02
Copper Corrosion Test 0.3 K
Distillate Test for Sulphur, small amount present.
This Distillate is not in reaction, there being no acid or alkali present and no copper corrosion, is in evidence of corrosion.
This oil should not damage a motor.
Yours truly,
James Kelso
Director of Industrial Laboratories, University of Alberta.

Thompson began an account of the trip to the St. Paul Fair. It was one of the highlights of the summer, and the fair was held in the bottom of a tributary of the St. Paul River. A vast number of people were required to see the fair. There are about 15,000 people in the town.

Mr. J. H. Brown and Mrs. J. H. Brown of the River of the St. Paul River, who have been living over 20 months in the town, are the guests of the new owner of the town, Mr. J. H. Brown, and their daughter, Mrs. J. H. Brown, who is the owner of the town, and their son, Mr. J. H. Brown, who is the owner of the town.

The young man, 21, and appeared to be in health until her demise. The couple were pressed for the time by the family. Mr. and Mrs. Hebert's parents are in the city.

St. Paul vs Foxy

Schelt on the mound. Foy and I ran in the first inning. The best pitcher was the new Pete Jacura, and with his arms and biceps, St. Paul won in 10. The team having a new first baseman has strengthened it considerably. The boys all did very well. St. Louis' team played good ball in spots it was ragged. The St. Louis Pluff pitched good ball, but they were ragged. Finally the luck was against the St. Louis team.

so Smooth

Meet the day of the smoothest that comes Chevrolet.
 In Chevrolet there's that something new known to the thousands of owners of this car. It's something that gives the Chevrolet a smoothness that no other car can give. It's something that makes the Chevrolet the smoothest car ever made. It's something that makes the Chevrolet the smoothest car ever made. It's something that makes the Chevrolet the smoothest car ever made.

And now it's added in smoothness, more starting from within the engine. The Chevrolet's new 1600 cc. engine is the smoothest engine ever made. It's something that makes the Chevrolet the smoothest car ever made. It's something that makes the Chevrolet the smoothest car ever made. It's something that makes the Chevrolet the smoothest car ever made.

Smooth the smoothest Chevrolet in Chevrolet history. — The smoothest Chevrolet ever made. It's something that makes the Chevrolet the smoothest car ever made. It's something that makes the Chevrolet the smoothest car ever made. It's something that makes the Chevrolet the smoothest car ever made.

YOU'll find the smooth Chevrolet—he always is the front of the traffic line. At the wheel of the vehicle or at the sight of the word "Chevy," the smooth Chevrolet is there to get away.

Chevrolet will run things almost large, comfortable cars, depending on the size of traffic with an ease that is almost necessary. Chevrolet may be turned completely around in the width of an ordinary road. It can be parked with ease in a comparatively small space. It will gather speed on both down higgers, and—

Hamlin
Mr. A. M. Hamlin, Inspector of
Health of Edmonton, visited the
Crescent School on Friday and
discovered that the school was
not disinfected in the early part
of the year. He has now
arranged for the school to be
disinfected by the city health
department.

Local News
Mrs. Victor Thomas, owner of
the General Hospital, has been
operating favorably. Mr. Thomas
is now on the city on Friday.
Arthur C. Wilkison of Flat Lake
reports in the Journal that his
Rex sheep is a particularly good
sample grade No. 2. There is
not the semblance of frost.
A. J. Jones and J. M. McKim
of Edmonton, travelers for the
Borden's Exported Products and
Canada Starch Co. respectively,
of Montreal, were in town last
week stopping at the Larsons.
We are pleased to learn that
Mr. A. C. Lagarde and Mrs. Ed.
Malikow who are at the hospital
are both recovering from their
recent severe illnesses.

A drug store is being built here
and the old store is taking on the
appearance of a warehouse. The store
is now being built on the site of the
old store. A determined effort
should be made now to have
the store come over the railway.

Calibration a Cork
Depuis quelques temps les
Mariages ne succèdent a Cork la
moins une de nos charmes jolies
filles, Mlle Florida Thonette s'ac-
cuse a M. Alfred Lacombe de
St. Edmond. L'union la com-
mune qui fut célébrée a St. Paul les
beaux jours après un mariage en sa-
gré, nous sont revenus le 10 de jan-
vier par le train de 9:20 du soir.
Il y avait une grande réception chez
M. et Mme Jm. Thonette pour
leur leur retour.

Local News
Very good spot centers, Jan-
27 and 28, passed over this country.
The meteor for the first section
winter, shined to 47 in our horizon
Thursday night.
Mrs. Wm. Schuch, a prominent
farmer at Reyna Lake, near St. Vi-
cent, proprietor of the bar-
shop and post at Reyna Lake, has
formed a partnership for the
raising north end of the
farm. The new partners are
Mr. Schuch and Mr. Wm. Schuch.
The latter, who has some many
farming points, including the
method of raising and keeping the
sheep. They expect to produce
about three hundred sheep in the
near future.

west of Bonnyville, then proceeded
to the Flying Fish, where we arrived
on Tuesday. The results in some
places were very heavy but the flying
fish certainly jumped along.

Edwin Tyle The Truth

Only a short time ago an editor wrote of him called a far and away from the truth in the future. The next issue the paper contained the following letter:

John Tyle, my groceryman, is doing a poor business. His store is dirty and dirty. How can he be doing it?

John Tyle, the latest man in town, made a trip to Bonnyville on Monday.

Rev. Mr. Fry preached last Sunday on "Charity." The sermon was packed and busy as ever long.

Dave Cawley died at his home on Tuesday. The doctor gave out as heart failure. Whiskey killed him.

Married—Miss Sylvia Rube and J. Collins were married last Saturday at the Baptist parsonage by Rev. Gordon. The bride is just an ordinary town girl who doesn't know any more about cooking than a jack rabbit and never helped her mother do any in her life. She is not a beauty by any means and has a pitiful face. The groom is an upstart leader. He has been living off the old lady's money and is now shorted. It will be a hard life.

Died—Eva Pich, aged 66 years, died on Tuesday. She was a mother for which. Her own \$1.00 for the parson—Edw. Tyle.

HAMLIN

Mr. Peter Lachak has returned from Paris and speaks well of his country up there.

The surprise party at Jack Tillman's on Friday night was very successful. There was a large crowd which took part in games and dancing until the "small hours of the morning" all report a good time.

W. H. Myren had his woodpile sawed up on Wednesday.

Proctor is very anxious, M. J. Flynn is ordering a car load from Edmonton.

There was a span of horses at a team of money stolen from Nick Gordon's Store.

Miss Margaret Jackson and Mrs. A. W. Steer are spending the evening at M. J. Flynn's.

Mrs. Clara Tillman and Earl Selkirk will be held in the school house on Monday night to arrange for getting up a play.

Wending Bells are ringing at night, Miss Katie McKillop and Earl Selkirk. Lachak being the happy couple. Report says the bells will soon be ringing in Hamelin.

Mr. I. R. Mitchell and Miss Margaret Jackson are spending Sunday at W. H. Myers. Best

Mitchell as M. J. Flynn's, Mrs. M. J. Flynn and Mrs. Arthur West spending a few days in Edmonton last week. Mrs. West was having some dental work done.

A large crowd was out to Literary meeting Saturday night and a very pleasant evening was spent. The girls as well as the boys had the Bunting Glens on, also the Bunting was on. Mr. Flynn, Mr. Manich and Mr. McMillan were the judges and gave a good decision.

Can anyone tell us the whereabouts of John Kille, his Hamlin friends are wondering if he is dead or alive.

We are sorry to hear that Clara Tillman is not getting any better.

Miss Viola Flynn is spending the day at Charles Tillman's.

Charles Hoff got his lip split open while playing hockey. We hope to see him again.

M. J. Flynn has a gang of men in the bush today getting out some of the timber meeting will be held at Mr. Flynn's.

Mr. and Mrs. Jack Tillman are moving into the old Turner house on Wednesday.

RIFE

Mrs. Gilbertson of Rife is recovering from a severe illness. School opens here on Feb. 14. Miss Rose of Michener being to church.

Mr. and Mrs. Gene Desrochers returned home from Edmonton where Mr. Desrochers has been under a doctor's care.

C. E. McKinnon at Elk Point

J. E. McKinnon, division superintendent of the Canadian National and R. W. Bann, division engineer, made an inspection of the St. Paul extension to Elk Point Wednesday, Mar. 2. Among those who accompanied the party were J. F. McKinnon, general manager of Marshall, Wells Ltd., D. Thompson, general manager of Anderson's Ltd., H. D. Tull, private secretary to Mr. McKinnon, and G. L. McKinnon, the Journal's publicity agent.

Mr. McKinnon, who arrived at the new line was still in the hands of the construction department. The inspection was to be pushed as soon as the first permitted getting over the gap. The depth at Elk Point would be better than the stations of a few years ago. Mr. McKinnon has indicated that he stated that it was a difference of 2.25 feet between Elk Point and St. Paul. The grade is one per cent from most of the Dog Run into Elk Point.

Some ten miles after leaving St. Paul the new line constructed last winter enters into an arm of the Dog Run where banks are precipitously some 200 feet when Hovnan is reached one mile eastward. It is in the vicinity of this point that the construction of the new line is being pushed. The next station after this is the valley of the Dog Run. A few miles farther on the railway crosses and enters the level on the bank of the following point. Elk Point heads into this. This section will still be a good road in the winter.

It is in this point and possibly

valley that Don M. Johnson and Neil E. Johnson intend to build a new line. Johnson, who is a member of the Elk Point branch of the Canadian National, and other workers within the next few years. The line is cheap and there are still many hundreds of miles of the new line to be built. Johnson is still in the hands of the construction department. Stony Lake

The oldest settlers who, to the change of name that recently appeared in this paper of Stony Lake fourteen miles south east of St. Paul, P. L. Black and others object to the change. The name was made by Mr. N. H. Black, D.L.S. in 1904 and should be changed to Stony Lake. The name was made by Mr. N. H. Black, D.L.S. in 1904 and should be changed to Stony Lake.

Waskatenau, Alberta

IRA A. FETTERLEY

HARNESS and Harness Repairs

We have the most complete stock and best appointed workshop on the Oliver-St. Paul Line, but owing to not having seen dear old Ontario for 37 years we purpose visiting it this summer and therefore offer this splendid business for rent, or will give to some responsible party an option to buy.

Boyd & Boyd

This firm succeeded R. W. Walker in 1922 both coming from Fort Saskatchewan, B.A. Boyd has four or five employees over in the hardware business and Mr. J. Boyd in the machinery line. Mr. Boyd is from Montreal and Boyd came originally from England with the famous Barclay chain in 1903 to London. They enjoy a good business in this rapidly growing little town.

You & Yalimec

Established themselves in Waskatenau in 1910. Harry Young came from Ukraine to Brandon the year before the great war. W. Yalimec came from the old country in 1911 and is also of the Ukrainian nationality. He worked in Canada five years then took up farming later taking up in the hardware line. Our information is that they do the largest general store business in Waskatenau.

Wolf's Garage

Mr. A. Wolf is in business since 1920 having started a number of years in Graham's Garage in the Fort. Mr. Wolf came from Oklahoma in 1910 and resided a number of years at Fort Saskatchewan where he was married to Miss

Many Alice Young

Mr. Alice Young, Wolf's Cigarettes are always dealers in agricultural implements and have a large stock with cement blocks. They have four or five employees over in the hardware business and Mr. J. Boyd in the machinery line. Mr. Boyd is from Montreal and Boyd came originally from England with the famous Barclay chain in 1903 to London. They enjoy a good business in this rapidly growing little town.

W. S. MORSE, B.A., L.L.B.

W. S. Morse, B.A., L.L.B., was educated at Winnipeg and Edmonton and part of his university course at dear old Queen's, Kingston. Mr. Morse was articled to E. T. Bishop, Edmonton, and was called to the bar in 1923. Mr. Morse was sometimes a banker—a very valuable acquisition to a number of the legal profession.

The Rev. R. A. Buge

The Rev. R. A. Buge is a graduate of St. Boniface, U.S.A., in 1918 and came to Canada. He returned to Graham's Garage in the Fort. Mr. Wolf came from Oklahoma in 1910 and resided a number of years at Fort Saskatchewan where he was married to Miss

Pushing Six Best Creek Train

When the Santa Fe's new creek train the Chief, raced into Los Angeles on its first run inaugurating the 64 hour service between Chicago and Los Angeles, it set a new train schedule for speed between Albuquerque, N. M. and Los Angeles, but it failed to touch the remarkable record made by the

the last spring between those two points. The chief, the new train, takes 25 hours and 30 minutes to make the run, while the Pontiac Six set a time record of 27 hours and 29 minutes, just lacking three minutes of slashing two hours off the best train record.

It was only sitting at the inauguration of the new fast service on the Santa Fe that the chief train should be welcomed at Los Angeles station by the Postmaster and Chief Yowlachie as representatives of the Indian Chieftains Council. It was a fitting reception in that the name of the chief and the names Postmaster and Chief Yowlachie were on the train.

To Eugene Walter Reid, more than 25 years on active sugar in the service, fell the honor of ending the first Christmas

Angeleno, and as he sighted from his cab, Chief Yowiache pulled in the Pontiac 82, closed firmly grasped the hand of the lit engineer, and in the name of the great Indian Chief, Pontiac, congratulated him on his remarkable speed and the dependability he displayed in his 25 years of service.

He said if he had been told the same day the white man would run across the continent, taking 100 hours from Chicago, and say, "comfortable beds and meals while doing it," missed Chief Yowluck. "We have come a long way since this time."

Success of the rural municipal hospital system in operation in Berlin, and the careful management of the seventeen hospitals operating under the scheme, is indicated by the fact that every one of the seventeen hospital districts now has

Lindbergh Flies New York to Paris

The greatest flying event in history by a single individual was accomplished Friday and Saturday, May 20-21 when Captain Charles Lindbergh, from New York to a distance of 3600 miles.

The "Viking" being off on Monday morning, Bremen at 12 noon.

The driving program, Lindbergh, has accomplished what no man before him has been able to accomplish.

Cold Lake Tourist Traffic Begins

Auto from Alberta, Saskatchewan and from the States have begun to come to Alberta's greatest summer resort.

Cold Lake is the finest body of fresh water in Western Canada and certainly the lake that contains the most famous trout and white fish. Parties intending to visit Cold Lake should write Hyman, Peterson and Coleman, J. H. Hadden, Hill or McFadden for further and better information. Valuable information can be obtained from Hagedorn & Hagedorn, P. C. Bagley and any other tourist drivers who are in St. Paul about daily.

Among Those At The Luncheon

H. F. Donnelly, Judge McDonald, A. L. Gibson, W. Thompson, John C. Gies, Mr. H. W. Taylor, Isaac Baker, Chas. Gordon, Vegetables, Mr. J. H. Hadden, Hill or McFadden, Edmonton.

Armoire
Mrs. H. W. Taylor arrived here yesterday from Regina, where Mr. Taylor is spending. Mrs. Taylor says she is most advanced.

Lot

Between St. Paul and Cold Lake on the Highway, New York, Canada, etc.

To Intending Settlers

Those looking for farm land homes or new locations should seek advice and guidance from

Membership Campaign Under Way

The drive for the adoption of the federal form of government is under way and meeting with rapid response. A West Paul Rally was held in Calgary previous to the commencement of the campaign. The Paul delegates members of parliament, representatives of various unions, and others attended that gathering. Address was delivered by Premier Gordon, of Saskatchewan, Premier Bowman, of Alberta, Hon. B. D. Bennett, C. M. P., and Mr. Buchanan, of Lethbridge. Mayor Boyer, of Edmonton, Mayor Osborn, of Calgary, and C. O. Smith, editor of the Calgary Herald, in a series of splendid speeches then urged that the West Paul Rally be held in the near future, in the hope of securing support, in the near future, of all Alberta.

ST. PAUL

ONE DAY ONLY FRIDAY, JULY 29

Editor St. Paul Journal, July 14, 1927.

Dear Sir:

Please insert the following news item in the next issue of your paper.

The St. Paul senior baseball team under the tutelage of Mr. Jack Wagner held a light workout against the Thieria baseball team, Sunday July 23rd...

There will be no display of umpires in St. Paul. This will permit frequent changes should the St. Paul players get so desirous.

We thank you, Thieria Baseball Club.

Spoken

Last Sunday's session was held in the new hall. The session came from Belle's especially to play in the sport. There were about fifteen children and every child played his part very well.

Mr. P. H. Walker with Mr. and Mrs. Kennedy spent Sunday at his home in St. Paul.

Mr. Hopkins and family have moved out to their farm three miles from St. Paul.

These Mrs. Lohs is very popular these days. A large crowd was there on Sunday afternoon.

Cold Lake also is attracting many people. Cars of tourists from the United States are numerous.

W. Gortley, Jr. of Three Rivers, one of the men, visited Gortley on Thursday June 29th.

Miss Eva Dulles left Friday to spend the holidays with Mr. and Mrs. Lohs of Chattanooga, N. C.

Miss Helen Hight left Friday to spend exhibition week with her sister in Edmonton.

Miss Viola Beland arrived Friday from Edmonton to spend her holidays with her parents Mr. and Mrs. Beland at St. Paul.

Head Charnon returned from a two weeks stay at the hospital undergoing treatment for a sprained knee which he sustained several years ago.

Kathleen McInerney who got the most first prize at the school last year for her English course at Vermilion and while there in competition with 22 girls, captured first prize when outdistered her to a six months' course in economics at Vermilion Provincial School of Agriculture.

Ed McCormick picked master of the first St. Paul pitcher's day on the hilltop long enough to permit of an acquaintance while Pre Jansen, who relieved him, was better at boiling this in the hour.

Ways that St. Paul will send the junior team to St. Line next Sunday because we only defeated them 9-2 in Vermilion.

There will be no display of umpires in St. Paul. This will permit frequent changes should the St. Paul players get so desirous.

We thank you, Thieria Baseball Club.

Obituary

The funeral of the late Mrs. E. Edwards was held at Washington on Saturday July 1st.

Mrs. Edwards had been a resident of St. Paul for several years living with her daughter Mrs. W. Johnson. For many months she had been seriously ill, passing away on Wednesday the 1st.

As the family had been residing in Washington for some years, a large number of old friends crossed the United States to do final honors to the friendship of Mrs. Edwards.

St. Paul friends in the persons of Mr. Polakoff, Mr. and Mrs. J. Francis and Mr. Blackman materialized to Washington for the funeral.

Interment was made in the Mount Pleasant cemetery.

Miss Kate C. H. 113 Lower Street at Journal Office.

Want Land Broken

I would like to have 5 or 10 acres of breaking done at once on the S.E. 13-58-10, 2 miles west of St. Paul.

ST. PAUL JOURNAL

ST. PAUL ALBERTA

Hawley

Mr. P. Chester Johnson of Great Falls, Minnesota, who has been visiting Mr. and Mrs. Brown here the past two days, returned home Tuesday.

Mr. Clifford Smith, teacher at Hawley School, spent a few days at Cold Lake last week.

St. Paul's First Circus

4,000 People in Town

Nearly 2,500 people attended the circus held at St. Paul Friday. There was no more cloudburst as reported by the local correspondents in the Edmonton Journal. This was only a good rain shower lasting about twenty minutes and no one was deluged as everyone was under the large tent.

It was a good show, well worth seeing and well appreciated by the vast majority of the youngsters and by many of the older ones who had never seen a circus before.

It is to be hoped that Campy Run, or any other show or entertainment will come as the people of St. Paul always appreciate good sport and good wholesome entertainment. This was amply demonstrated Friday.

Hopkins Ferry

D. A. McGinnis recovered the body of little Alex Lewis who was drowned July 20 at Edmonton and whose parents reside at 80541-9th St.

Dr. Miller, coroner, and Dr. Allen were notified by Mr. McGinnis and the remains were prepared and sent to Edmonton by St. Paul Undertaking Co. and Foster & Patterson, will have charge of funeral arrangements.

A Conviction

In the district of St. Paul, published last week in the Journal, W. A. Smith was named as assistant manager of the Haymarket Lumber Co. he it should be Ralph Ouellette.

Brosseau

Miss Madeline Johnson of St. Louis's factory arrived Monday Aug. 1st to spend the rest of the summer at her uncle's, Mr. Martin Lavell.

Glendon

Miss Morris returned from a visit to her parents at Redway.

ST. VINCENT

Mr. and Mrs. Geo. Davidson, of St. Vincent, N. D., son of R. B. Davidson spent a week visiting his parents here. Mr. Davidson arrived from St. Vincent on the remarkably short time of two days and a half, a distance of 800 miles. They left Mr. Davidson's at 9 a.m. last Wednesday and at 9 p.m. same day were in St. Vincent. The car registered 956 miles.

McLAUGHLIN-BUICK for 1928

Thrilling the world again with McLaughlin-Buick value

Beauty
Power
GREY-KNAX
Luxury
Color
Smartness

Daring new Bodies by Fisher... moving smoothly low without any loss of load-carrying or road-clearance and without resort to smaller wheels... fast, slender radiator lines... style and beauty equalled only by the finest custom machines.

Power to pass on any hill... power to conquer the roughest going... power to maintain high speeds hour after hour... resulting from brilliant advancement in McLaughlin-Buick's famous valve-in-head assembly engine... vibrationless beyond belief.

Getaway like an arrow from a bow... an exhilarating rush of power when the signal changes... unmatchable fluidity in traffic... and the effortless speed of flying birds—when you're out on the open road.

Farm-fitting tailored seat cushions as restful as any chair... hydraulic shock absorbers front and rear, providing pillowed riding ease over any road... and superior remodeling exquisite drawing rooms in luxury of fittings and appointments.

Colors unrivaled by the rainbow... an exhilarating rush of power when the signal changes... unmatchable fluidity in traffic... and the effortless speed of flying birds—when you're out on the open road.

Needs time in admiring tribute whenever a McLaughlin-Buick for 1928 flashes by... for it is richly endowed with that rare quality... that elusive touch of personality... that indefinable characteristic called "personality".

Wheat Pool

The Second Instalment Payment
has been mailed to wheat growers
by the Alberta Wheat Pool and
amounts to \$1000 a head on
all grain except No. 6 and No. 7
and mixed grades. The
payment on this is two cents a
bushel.

The total payment by the Pool
on dues on 1926 deliveries amounts
to \$1.90 per bushel, less 1 Month
on in case Vancouver. The
final payment will be made in the
fall.

Announcement is also made that
an initial payment of \$1.00 a bushel
has been made to the Alberta
Wheat Pool, with the balance of
\$0.90 per bushel, less 1 Month
on in case Vancouver. The
final payment will be made in the
fall.

The Alberta cheque was placed
in the mail over the week-end.
The distribution of this and a
half million dollars at this time of
the year will assist the farmers
very considerably with their E-
marketing.

Wheat Pool

Important changes have been made by the Wheat Pool of Canada, which is the largest of the grain of the British Empire, including Alberta and Ontario Wheat Pools.

An offer has been opened in London, England, and D. L. Smith, formerly general sales manager, has been put in charge of this important post.

George, who has been appointed general sales manager. He was formerly western sales manager with head-quarters at Calgary.

Mr. McIvor's new duties require his residence in Winnipeg and he is leaving for that city early in October.

Donald McIntyre, assistant sales manager at Winnipeg, has been appointed western sales manager. U. E. Beckman, who has been in charge of the Vancouver office of the Pool, will be coming west, and will be in charge of the Pool's business in the west.

James Gibson, of the Pool's Calgary office, has been appointed manager of the Vancouver office in succession to Mr. Beckman.

Mr. McIvor, who undertakes the great responsibility of the selling of the immense volume of Pool grain, was here in Portage la Prairie and entered the Pool's city line in 1912 with the McLaughlin Grain Co. of Winnipeg.

The Alberta Wheat Pool produced the British America Elevator and Mr. H. Paul manager, who has been away from the city for some time.

This makes 11th elevation that the Wheat Pool has purchased R. A. Paul's business.

BLAIR EDWARDS

Now comes another of public interest to St. Paul. The Blair Edwards estate has been sold to the public. The estate includes the Blair Edwards estate, which was sold to the public.

Boys' Lake

From one of our readers who has been to the lake, it is just practicing to think he is a professional. They would like to have first made to order to have water for a change.

Mr. Bedell and Mr. Weber have been trying to check for the lake and believe they should be able to deliver the goods if they could get a few days of good weather.

Mr. Martin and all the other children are looking this complaint.

Mr. Louis Appleyard has recently returned from the hospital where he was having a broken rib cured. He was on a vacation as to trouble over a piece of furniture one day night and had a bad fall. It might have proved serious if he had been alone. He is sound again now.

Mr. and Mrs. Robert Anderson received a visit from the son's short time ago. They were presented with a fine new car. We suggest to hear that Mr. L. H. Graham is not very well this fall. We hope he will not have to give up farming as he fears.

Mr. Winifred Fink has purchased the threshing outfit of W. M. Sheperd. He now wants a taste of threshing.

Mr. Bedell when beginning trucking discovered that someone had placed a number of ounces in his wheat sheaves. He has yet to locate the offender for certain but expects to do so if he continues to find any stones in his grain.

The New Ford Goes on Display

Tomorrow, December 2nd

The new Ford known as model 'A' replaces the Model 'T' which has been in service for a number of years. It is a better, more powerful, more comfortable, more reliable, and more economical car than any other of its kind.

and four-wheel, mechanically balanced, internal expanding brakes have been incorporated in the new model. Throughout the design of the car ease and quietness of operation, great strength and dependability of all parts have been kept in mind. Answering to Ford's purpose back of the car is to provide a small car which is economical in operation, and which is capable of doing a great deal of work.

All these women agree with me.

Spillers
"Bake-Rite Flour"
is receiving the unanimous endorsement of Alberta Housewives.

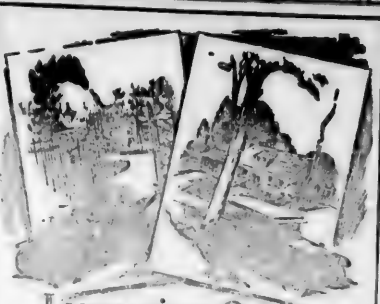

They and many other women of Alberta, are now using Spillers Flour in their baking. It is a fine, soft, white flour, and it is the best for all kinds of baking.

Luxuries Once But Necessities Now

Practically any Canadian woman today can afford to have a car. It is no longer a luxury, it is a necessity. The car is the most important part of a woman's wardrobe. It is the only way to get to work, to school, to the doctor, to the store, to the church, to the social gathering. It is the only way to get to the place where you want to go. It is the only way to get to the place where you want to be.

The St. Paul Journal Has Now As Large a Circulation as the Biggest Weeklies in Alberta

We are very grateful for your generous support and hope soon to give you a better paper with more news. It has been impossible to date to convince two or three of the business men in this town. Therefore, quite letting the same business men, advertise in St. Paul, the town in general if they would advertise. We submit that it is unfair to have the same paper taken and printed in St. Paul, and to have the same paper taken and printed in St. Paul, and to have the same paper taken and printed in St. Paul.

Farwell Laford
Came from an Eastern place.
Like the Wind Man of old;
None on this little spot,
My story I'll unfold.
None was a rustic note,
Hard by the paper fold;
I from my song retired
Ground on the landscape rough.
Friend child and Russian came,
Invention they would seek.
(Big Boy you've looked please,
You're just Bill Shakespeare's
image)

Supper! but I felt dumb,
There line to me was dumb.
But here you can't be not;
You get both front and food,
Mary a time and off
Mosquitoes drank my blood.

Out to the Great Alone,
One's thoughts will overflow.
That's why I write this poem
Before I go.
This for a parting thought,
Here I pass on;
My friends, forget me not,
Adieu Laford.

The senior girls under the direction
of Mrs. Francis, put on "The
Rugby Christmas Dinner" from
Dundas.

The boy named "Cai Pio" be-
under W. O. Fuller brought forth
much laughter, their song for
some also added greatly to the
evening's entertainment. Song
and poems helped to make the
pass pleasantly. Mrs. Spigelstein
acting the role of Santa Claus
gave a little gift and bag of
candy to each child.

Mrs. Walker presented seven
special prizes to seven pupils each
having attended Sunday School
every Sunday of the year.
Thanks is extended to those who
contributed to help make the
success.

This Happened on the Oliver - St. Paul Railway

The train had stopped, and an old lady got her hand out of the window and asked a trainman whether or not he was stopping here.

"The trainman was inclined to be funny."

"Ladies out late last night, when, so's she's got a thing on her this morning; they're giving her a drop of water."

"Don't let me hear!" laughed the trainman.

"If you'll wait a minute I'll give you a drop of water."

"Never mind, don't trouble yourself," she said.

"Thought, perhaps, by the way we've been getting along, it might be all right."

Optimism The Word For 1929

At the beginning of the year 1929, let us make our minds that we will have faith in our own country, and ourselves. Let us forget to be pessimistic and let optimism prevail.

Conditions cannot be improved by criticism nor can improvement be made by long faces and faithlessness. Let us not become discouraged because pessimism is a little dark cloud which appears in the horizon, let us unite in chasing them away and keeping them away from our district.

Above all let us have no-optimism, political selfishness, "local punches" all have their place, but there's times when their existence is unnecessary to the welfare of the town and district.

Past year, imaginary grievances and the like should have no room here. Let our public men, our business men, our school men, our politicians, let them pull together for a better community.

Obituary

We regret this week the passing
of the death of Mrs. Joseph Lajko
(nee Amanda Lajko) which took
place at the family residence two
miles west of town on Thursday at
the age of 60 years. The deceased
lady passed away after a lingering
illness which she had patiently
with Christian fortitude. The late
Mrs. Lajko was deeply loved by
all her neighbors and friends. Mr.
Lajko, besides a competent busi-
ness, also was a member of the
St. Paul. The funeral services were
held at St. Paul church on Satur-
day and the pall bearers were Mr.
Lajko, R. J. Lajko, P. Lajko,
Albert and Elvira Lajko, with
Mrs. Lajko a brother-in-law
and Mr. P. Lajko. The family
will be at the home of the be-
half of the funeral in St. Paul.

WITH THE WORLD

Consuming its total output of leather and eating into its surplus supply at an alarming rate. It is a good bet that leather will reach a price beyond the reach of many and leather harness will become a luxury in the very near future. We would therefore suggest that you buy your harness now. Look over the prices quoted on our harness and if you are not convinced that you can do better by buying at home, come in and talk it over with us. These prices are strictly subject to our stock on hand.

Armistice

We regret to have left the sad death of Mr. Nels Swanson, whose demise occurred April 14 at twelve o'clock at his home here of domestic (one) and pneumonia after a week's illness.

Mr. Swanson was well and favorably known in this district. The deceased was known for his many sterling and upright qualities his great honesty in all his business dealings with every sector in this country. The sympathy of the

entire community goes to bereaved family comprising wife and daughter.

The St. Paul Undertaking Co. had charge of the funeral which was held at Elk Point.

Owseye

The St. Paul Ashland road is again open for motor traffic.

One of the successful social functions of the season took place in the Owysee Hall on April 12, when over eighty dollars was raised for the new Hall Fund.

We take this opportunity of thanking our St. Paul friends (and those from Elk Point) for their wholehearted support and their help at Friday night's entertainment, in also on former occasions. The ladies from Elk and far were heartily welcomed and their contributions were gratefully received. A very pleasant evening was spent and the friends.

Amusement for Friday evening April 9th was given by the St. Paul High School of Elk and other business engaging it.

Would You Stoop

To Pick Up A Quarter

You think you would. Let's see

We are told that on years is about the average life of implements left out where the weather will rust and ruin them. They will last twice as long if properly cared for in an implement shed.

How big is steady hand figures?

\$1000 worth of implements lasting six years means an

annual cost of ... \$330

\$1000 worth of implements lasting twenty years in an

implement shed means an annual cost of ... \$100

Annual loss on investment without an implement

shed ... \$100

Daily loss (\$100-365 days) about ... \$10

Would you stoop to pick up 43 cents each day if you dropped

it out of your pocket?

You are losing from 50 cents to \$10 cents every day (Shedders included) depending on your implement investment. If you have your machinery out in the open, PICK UP THAT MONEY!

Be just to yourself as though it was actual cash, for that is what it amounts to. Build an implement shed this year.

Think this over, then come and see us

Elks Buy Bank

The Benevolent Protective Order of Elks have purchased the Bank of Canada to be used for lending money.

It is understood on good authority that the bank will immediately start on the construction of a modern five floor building and a new building which it had been contemplating for a long time. St. Paul has entered on an unprecedented building programme.

The estimated value of the bank on a 10% basis is over \$500 and the price paid by the Elks is considered a real sacrifice. Mr. J. A. Beaver's family will move out the front of the bank so that the Elks will have possession of the building for their own purposes at once.

Announcing the Opening High Class Tailoring ESTABLISHMENT

Mr. J. A. TETU of Holyoke, Mass., and Montreal
begs to announce that he has opened a

MADE TO MEASURE TAILORING SHOP

On Main Street Centre in the premises formerly occupied by De Grauwe's Ltd.

We are at your service to select the correct weave, quality and style most becoming to you this summer. Come and inspect our stock.

We shall cut deep into the prices of the finer summer suits for young men — and old ones too.

Cleaning, Pressing & Altering

A Successful Six because.

SINCE the introduction of the "New Series", Pontiac Six has shown all its own high degree of success. Why? Because here is all Pontiac's proven design... all Pontiac's known strength... all Pontiac's economy.

And in addition... new style and construction... new, long, low, fast bodies... new, smooth, quiet interiors.

new engine... new fuel pump... new G.H.E. cylinder head... new Valve Rods... new Lampy H-4... new Pontiac Six.

And because the New Series Pontiac Six is the most complete car in the world... can give you all these desirable features and qualities.

See the Pontiac Six at the St. Paul Hotel, Montreal, Quebec, Canada.

MADE IN CANADA

Therion Will Be There

Call. Boucher has it that the Mayor, Lord Mayor and the Mayor, 100 will have here as on in the short machine. We hope that you will help us in our endeavor, a male of Therion the metropolis of Alberta. The rest of all worth while continues. As a consequence, we invite you to come and compete with us on even ground and make of our very best the meeting place of all legitimate enterprise. We are a household name in all. As our guests you will be met at the station and driven around town and adjacent country, where you will find the most beautiful scenery on the best land in the world. A beautiful array of golden grain and sheaves is expected. Do not miss to catch-and-hill meeting along the route. Therion is the "one place" where the spirit of adventure is at its height. Work hard with this. The harder you work, the easier you get.

Elks Sport Day

The St. Paul Elks made their first public appearance yesterday when they put on one of the best sports days that St. Paul has ever seen. Beautiful weather prevailed and a large crowd enjoyed some real ball games and a host of other fun. In the evening a splendid musical concert was held in the Parish Hall which made a splendid finish to the day. In our next week's issue we will give a full account of the different events at the sports day, and also the musical program.

Flat Lake Community Hall

At a meeting held in the school house on Saturday, May 17th, the contract for the erection of the Hall was awarded to G. T. Tait of St. Vincent. He expects to have the Hall completed by the end of June. A maple floor is being installed and it will undoubtedly be one of the finest halls in the part of the Province.

Malay

The old times of this community are glad to welcome Mr. H. Myers into their midst again. She is at present visiting her daughter Mrs. Philips, but will permanently reside with her son Harry.

Paul Berglund is seriously ill at the Elks Point Hospital.

Here to Mr. and Mrs. Paul Myers at their home on May 15th.

At the Harvest of Columbia and formerly of this district recently escaped being burnt on Sunday night. The configuration was caused from a smudge which they had in the house in the evening and upon noticing it was placed just outside the door. In the night the wind whipped it into flames. The contents were nearly all destroyed and the fire was making great headway on the house when the fire of the flames extinguished the family and they succeeded in containing it.

Valve-in-Head Supreme

-in the Sky
-at the Speedway
-on the Road

Lincoln, Maitland, Chamberlain, Hynd—all the famous flyers of the day—use engines employing the Valve-in-Head principle in their record-breaking flights.

Practically every racing car entered in all the major speed classics of the past twelve years, as well as every winner of every important event, has also been Valve-in-Head equipped.

The famous McLaughlin-Buick Valve-in-Head Engine—superior in any other automobile engine of its class, has given conclusive proof of leadership in all elements of performance over a period of twenty-four years.

Choose McLaughlin-Buick—powered by the famous Valve-in-Head Engine—superior in the sky, at the speedway, on the road!

"Nothing in the Paper"

Frequently you pick up a paper
and after glancing casually at
the headlines casually throw it aside
saying, "Nothing in the paper
this week." Did you ever stop to
think what the phrase, "nothing in
the paper" means? It just means
that in the week just past, no mis-
fortune has befallen anyone in our
area; that no fire has erupted out
your neighbor's chimney; that
that grim angel of death has
crossed no threshold of a friend;
that no man driven by liquor,
hate, fear or desire of unearned
gain, has taken the life of a fellow-
man; that no poor devil, haunted
by the past or the misdeeds of
some other, has crossed the great
divide by taking his own life; that
no careless auto driver has run into
another car and injured or killed
its occupants; that no disaster has
met anyone and that there are no
big reasons practicing their dirty
sport, and so, the next time you
are prompted to protest that
"there is nothing in the paper this
week," just remember that instead
of grumbling about it—*E.A.*

Edm. R.R. goes on rapidly. Al-

DR. J. P. GAGNON CHOSEN AS MAYOR BY COUNCIL

Elected Unanimously to Com-
plete Ex-Mayor Cyr's
Term of Office

At the regular meeting of Council held on Tuesday evening, Sept. 4th, Dr. J. P. Gagnon was chosen Mayor of St. Paul to complete the term of office of the late Mayor Cyr who died on the 10th of June, 1927.

Dr. Gagnon has been a high-ly respected and well-known resident of St. Paul, having lived in the district some 17 years, and the honor of his nomination was a great one. He could not have been more worthy of the honor, and his new office will give him more scope for active service.

The community and a host of other friends join in wishing Mayor Gagnon a long and successful term of office.

Tom Boston Tells This One

"What is your occupation?"

"Contractor and mason."

An Irishman is next—"What is your occupation?"

"Blacklayer and Knight of Col-
umbus."

PARADISE CONCERT Le Dr. Gagnon Maire de St. Paul

A Tremendous gathering of people
and fine music was heard
at the St. Paul Parish Hall
on Saturday evening, Sept. 4th, when
the Paradise Concert was given
under the patronage of Dr. Gagnon.

Dr. Gagnon, as patron of the
concert, was seated in the front
of the hall, and the music was
given by the St. Paul Parish
Band.

The concert was a most
successful one, and the
audience was very large.

SMOOTHER
with New Refinements
and enhanced in Style
and Beauty

DURING its thirty months before the
world, the Pontiac Six has earned a
world wide reputation for combining
cylinder smoothness and high-speed manue-
ver like no other car in its field. Now,
because of recent engineering advancements,
today's Pontiac Six offers even greater
smoothness and more satisfying performance
than ever before.

To Pontiac's thoroughly proved design—
its Lovejoy Shock Absorbers, its 186 cu. in.
engine and generally oversized vital units—
its numerous engineering advancements,
such as the G.M.R. cylinder head—Pontiac
has added new Marvel carburetors, improved
manifold and new distributor.

Now this latest priced General Motors Six
provides a combination of quality features
never before offered in a car of comparable
price. In addition, the extraordinary beauty of
Pontiac's "body by Fisher" has been enhanced
by new, smaller wheels and larger tires.

Newly refined and improved—today's Pontiac
Six is more clearly than ever the value leader
of its field. Drive it—and discover this truth
for yourself!

Ask your dealer about the G.M.R. Pontiac Engine Plan
which insures against rust.

It's a Great Big Day and We Wish Them Joy

Born at St. Paul Hospital on Tuesday, Sept. 18, 1928 to Mr. and Mrs. Charles Wilson, a beautiful baby boy.

The Electric Plant

The common garden variety of lampy was under the impression that the town had lost the building, plant and equipment for the town of \$60,000 but it only had gone, was set up to the building.

It appears that the town acted as go-between and purchased for \$60,000 from the St. Paul Electric and would for \$60,000.

The town began proceedings to cancel the charter of the St. Paul Electric and a decision was reached.

When Jane Baptiste buys a farm for instance for \$6,000 and sells it to John Jones for \$6,000, what does it matter to the town? In this case we find that Jane Baptiste paid \$600 commission as a way of getting the town.

Mr. Frank Brock and his wife were in town on Sunday. Mr. Brock is manager of the Brock office at Anderson on the C.P.R.

Mr. Chas. Trenchard of the R.R. C. Grocery Dept. and Mr. Doney of Blue Ribbon were in town on Thursday.

Wapiti

Thinking it is full of wild animals and many hunters are looking for their game in the woods.

It is thought that the Wapiti are in the hills around the town. It is thought that the Wapiti are in the hills around the town. It is thought that the Wapiti are in the hills around the town.

John Dreyer, the hair-dresser, has been seen in town. He has been seen in town. He has been seen in town.

Did You Ever Stop to Think
By E. E. Wain

This advertising in the way modern
business concerns appeal to
the buying sense of the people.

That persistent advertising means
progress and permanence for a business.

That progressive concerns are
progressive because they are
in the business.

That persistent advertising is
in a class by itself. Their sale is never
lost by the unknown grades which
are made to compare with them.

That persistent advertising of
quality means business. There
is no substitute for quality. Quality,
cost and credit, create a demand for
more.

That the better the quality, the
more people will buy. Better quality
gives satisfaction.

That persistent advertising of
better quality not only attracts new
buyers, but keeps present ones.

ELIMINATE "LUCK" IN YOUR BAKING

You have the satisfaction of knowing
once you have tried a recipe - that you
can make your reputation on it.

This assurance you can now get. Half
your baking "luck" depends upon how
your flour acts in the oven.

Spillers "BAKE-RITE" Flour

Here is a flour that takes the guess
work out of your baking. It is tested and
given perfect results.

"BAKE-RITE" FLOUR will always
act the same way in your oven. One flour
for all baking - bread, cakes, buns and
pies.

Christmas Time At Red Cross Headquarters

Perhaps there is nowhere on
earth where the flow of generous
impulses runs more freely than in
the heart of a child at Christmas
time.

In hundreds of schools in Alberta
boys and girls are striving to be-
come super-soldiers in their effort
to win Christmas seals for the bene-
fit of the little children of Alberta
under the care of the Junior Red
Cross Hospital units at Calgary and
Edmonton.

Thus they can interpret their
pledge of service to the suffering
and gladly they offer each other
for their time and their talent to
accomplish the great task of "post-
paid" nation's sale of \$50,000
seals.

You are earnestly invited to co-
operate in this noble mission of car-
ity and by your personal member-
ship in Red Cross, one dollar, or by
your donation of candy, a number, in
the spirit of Christmas time by
helping to give every little child in
the Hospitals under the Red
Cross flag at Calgary and Edmon-
ton.

OWLSEYE

The first dinner to be held in
Owlseye took place on Friday
afternoon Dec. 14, under the aus-
pices of the local O.V.A. The
sale was most successful, a great
amount of food being sold, and
money for the children's fund
went up for sale. A fishy made
lots of fun for the children and
gave up time.

Lunch was served
under the evening, and in the
evening there was a visit to the

Murderer Also Wounds Mike
Triska

A shocking double tragedy oc-
curred last night south of Lafond
and in a small village of St. Paul.
A Christmas night and the night
of Wednesday, Dec. 26.

The sad affair, it is said, was
the result of a domestic quarrel,
but a neighbor's general. The
murderer, Harry Ewaschuk, left a
home about 12.30 with his rifle for
John Triska's farm. There he de-
scribedly shot Mrs. Triska and
her five children, badly wounding
the latter in the leg. The woman was
struck in the head and died in-
stantly. Her five children were
scattered in all directions, but
none were seriously injured. The
murderer then turned on his rifle
and shot himself in the head, kill-
ing himself.

It appears that Mrs. Triska had
been certain conditions that
she was to be married to a man
named Mike Triska, who was a
man of the same name as the
murderer. The man named Mike

As Result of Wound
 Husband of Murdered Woman Believes Edmund Would Also Have Slain Him

Mike Triska, 31, died at St. Paul hospital on New Year's day from the bullet wound received last Wednesday from Harry Emch.

Mr. John Hruska, councillor of St. Paul, interviewed, stated that the only possible motive for the murder of Mike Triska was that he believed that the councillor for the district was responsible for this and of course they were not friends.

LATE AGAIN
 This week, as last week, the Journal must plead guilty to the greatest sin of being a day late.

Cannot Sue

The Government
 It is a curious anomaly that a soldier who allegedly got lost by the War Office, was entered as a deserter, and who turned up years later to show that he never was a deserter, cannot sue the government for his pay merely because the pay is technically held to be a gratuity.

The Shortest Thing in the World is -- Public Memory!!!

You may have been in business for twenty-five years, and the people know about it. But they forget--new customers are being born every minute and they grow up and have to be told.

A Note to Merchants

Unless you keep telling them by Advertising what you have to offer them, the fellow who has only been in business fifty weeks and who advertises intelligently will prove to you the truth of it.

YOU MUST TELL THEM TO SELL THEM

It is a fact that the design of a building is a complex task, and one that requires a high level of skill and expertise. The design of a building is not just a matter of aesthetics, but also of functionality and safety. The design of a building must take into account the needs of the people who will be using it, and the environment in which it will be built. The design of a building must also be able to adapt to changing needs and circumstances over time. The design of a building is a process that involves many different people, including architects, engineers, and construction workers. The design of a building is a process that is constantly evolving, and one that is essential to the success of any building project.

Canada Must Have Better Roads

The nation, no matter how glorious her military or naval achievements, that does not have a good road system is a nation that is a failure. It is a nation that is a failure.

Spring started March 21st

get ready now

SPRING is already here! Soon you'll be feeling the heat of the road again. Your hands will be tingling to get on the wheel.

And here's your chance to save money on a Good Car... a car with thousands of miles of enjoyment left in it, that somebody gave up to get an Outstanding Chevrolet.

We can't keep these Used Cars in stock with the spring deliveries coming in. They MUST go. They ARE going. BUT there are still many bargains left. Still a good variety to choose from. So come in and grab this opportunity. Be ready for Spring this year!

Extra MILES

EXTRA miles because of the extra strength, endurance and outstanding superiority of Firestone Tire construction. First, the scientific twisting of cotton cords for constant strength and elasticity. . . Then, Gum-Dipping—the extra Firestone patented process which saturates and insulates every fiber and strand of every cord with pure rubber.

Only in Firestone Tires do you receive all the advantages of these extra features of in-built mileage, plus the security and safety of riding on the deep, rugged Firestone non-skid Tread. The Firestone Dealer saves you money and serves you better. See him today.

\$45,000 Public School for St. Paul

Building to Contain 8 Rooms

Trustees have had prepared plans for a \$45,000 public school to be constructed in St. Paul. The eight or nine buildings that serve for school purposes are all too small and all except two are hopelessly antiquated and not fit for pupils of fifty years ago. The great question is—Will the trustees vote for a modern school? We hope so.

Cream Wanted

Due to the demand of local cream producers we
have made arrangements to ship cream to the Post at
Edmonton every Thursday, Saturday and Sunday.

Arrangements have been made with Adolph Pichon to hold
cream until train time at his home at Edmonton in last-of-the-
train.

This will guarantee cream to arrive at Edmonton in last-of-the-
train.

Call at the Laramie Post Office for further information.

E. SMAY, Branch Manager, St. Paul

Lalard, Fow, Brown, Chasterville and District

Miss Paul Smith, mother of
Monday to Victoria and from
there took the train to Bradburn
to spend the holidays with her par-
ents.

Thomas McCullough, Jr. and wife
a back in the north country again
they are going to make their home
at Chasterville. They came from
near Ardenburg and Mr. McCullough
and say that crops there
are much better than here, and
the gardeners are considerably more
advanced in that part of the country.

The stranger was never tired
of laughing at the ladies as the
cabbages come and go, but it had
been the men when it comes right
down to making something. It
may be longer again, but what's
the difference? They were in any-
way. Now it's people with a white
and with other parts of the enter-
prise. One young lady, never
having seen her father in anything
as strictly regulation headgear be-
fore, on seeing the purple shape on
his head, exclaimed, in shocked
surprise, "Heaven's sake! Carry
on, like the colors."

Also Cabbages and Bill Trenchard
have just come back from Rocky
Island and Frenchman's Lake,
where they were looking for hun-
dreds. Also says there is plenty
of game up there and lots of deer
in this district we have two
kinds of deer and the soil is just
as good here as anywhere, no less
of the north country one more.

We have walls and testimonials for
this. - The St. Paul Journal.

IT IS
Better Business to Buy
... the finest, fastest, cleanest thrasher

Riding more grain, per acre is the better busi-
ness. Sowing more of it grain at the least ex-
pense is better business. This is why it is
better business to select your thrasher from the
Red River Special Line of Thrashers, the Finest,
Fastest, Cleanest thrasher built.

SAVING YOU BREAD. No other machinery
has ever been devised that will so easily and
thoroughly clean the Red River Special Thrasher
as this.

SAVING IN TIME. The money your grain is
threshed the less chance of spoilage from wind
or weather. The Finest, Fastest, Cleanest
Thrasher is worked out to last.

LOW OPERATING COST. - Heavy Roller
Bearings, Automatic Lubrication, Rockwood
Weatherproof Flywheels, Double Belting and
a host of other features make better use of the
power and to keep down the power cost.

UPPER COST. These improvements make a
machine that will run better, and a machine
that will last longer - added also are rust-resist-
ant Arco Type Iron, Bridge Truss Construction,
French & Rock Wheels, oil used because they
are used, and hold down repair cost.

THE FORD CAR REAR AXLE

Expense no object in Achieving Perfection

The rear axle of the Ford car is of the three-quarter
floating type with spiral bevel gear. The pinion
hub is exceptionally heavy, and the pinion is carried
on double roller roller bearings, perfect alignment
of the gear is always secured. The rear axle has a total
of four roller bearings which add considerably to the cost
of manufacture but are a protection for the owner
against wear.

Special care is taken to insure silence in the pinion and
gear. These are made up in sets and carefully
matched; each set being run in to eliminate all possi-
bility of

Candidates Off In Bunch In Big Subscription Campaign

Send in That Entry Coupon—No Win—No Second—And Profit Big August 9th

Campaign Offers Small Profits to Winners of Grand Capital Prize—Send Two Lots of Entry Coupons. Candidates Should Spend Up Now.

Subscriptions received at This Time Count For More Votes. So Get Them Now—Opportunity to Make the Vote Column is Here—Take Advantage of Maximum Vote.

The bars are up, the track is clear, and every one of the ambitious candidates in the St. Paul Journal's big subscription campaign has the "right of way." The preliminaries are now over, and the race for the rich prizes headed by a Chevrolet Landau Sedan.

On this page will be found the first published announcement of candidates. Each competitor has started in the race with a vim, determination to win or know the reason why, and the battle royal, now in evidence, is attracting the attention of St. Paul and surrounding territory.

Don't become discouraged should you not be among the leaders in today's standing. The campaign is just in its infancy and there is not a single candidate among those listed who could not, if the proper interest and effort were put into the matter, secure enough votes and subscriptions by next Tuesday night to be among the leaders in next Thursday's issue of the paper.

Time Is Limited

Now is the time for those contemplating entering the race to get busy and for those who are already in the race to make the "best bet." Only TWO WEEKS remain after this Saturday night during which to secure the minimum number of votes on subscription two weeks in which to win or lose, for that is exactly what is meant. After Saturday night, August 13th, there is a material decrease in the schedule of votes, and after August 17th there is still a further decline in the scale—in fact, it is almost cut in half.

Our best advice to those who wish to win and to friends of candidates.

Challenging Variety at our Color Show

Come see the beauty and variety which Essex offers at no extra cost. In every other way open to proof Essex has proved its right to dare. It challenges the performance, the style, the luxurious comfort of any car at any price. No other gives you back so much for every dollar you put in.

A Big, comfortable "Six." Fine to look at. Roomy and comfortable. ABSOLUTELY new—challenging up to 70 miles an hour.

Automatic shock absorbers, wheel lockers, radiator shutters and air cleaner are standard.

Add up your \$100 in "extra" that Essex provides at no extra cost. Your subscription will be entered in the contest. The \$100 in "extra" will be entered in the contest.

At present, only one entry coupon accepted for each candidate.

Trusses Not Prohibited

The Board of Trusses Inform the Journal that they are not prohibited against any contractor or contractor who may be called upon to build the new school. Trusses will be allowed in this case and in the case of the \$10,000 school which is being built by the city.

The story of "The Patsy" has to do with the younger daughter of a household, who is a combination of flapper and Cinderella. She is slighted by her mother, despised and bullied by her captivated, shrewish sister. Only her father truly loves and can understand her; and since he was away most of the time as a travelling salesman, this was not a very extravagant comfort—hence the title of "Patsy."

"The Patsy" is three acts of comedy, romance, laughter and pathos, telling a most appealing love story, the Martin Erwin Players, one of the finest acting opportunities ever enjoyed in Chautauqua plays.

will have to wait for another season of course. How long will the public stand for the continued showing of its railway program and pay rates as much as four cents higher than a branch competitive line of the C.P. immediately to the south?

It is noted with some satisfaction how the government kept on the ball and in building a complete circle around St. Paul. The completion of the line from St. Paul to the south is a great step in the development of the city.

The Old Guide's
Warming

The old guide knows that careless burners cause many forest fires resulting in the destruction of two-acre burning grounds as well as valuable timber. The good burner is careful with fire in the woods.

Coke Lake School

A few miles north of Spalding in the midst of the beautiful country, lies stands the best equipped school in this month. It is visible that a lot of the newly built school building from which it derives its name.

Inside the lavatory and teaching apparatus are all of the best and most modern type, while on the grounds the pupils play on the basketball, football, baseball and hockey. The latest addition to this model playground is a swing boat, designed by the gifted and energetic teacher, Mr. P. McIlveney, and constructed by his own hands. Mr. McIlveney who has taught in this school with great success for over four years, believes in the motto: "Sound body, sound mind."

Opposite the school on the west side of the highway is the teacher's residence, a beautiful three-story cottage with flowers on every side and a garden that compares not only with the best in the district, but with the best in the world. Money is the last and best consideration when anything like this may contribute to the welfare, comfort or amusement of the pupils is required. Cakes Lake is a model rural school.

The generous rainfall of Sunday morning came at the right time and will be of useful benefit to the maturing grain crop.

Several new members were enrolled in the ranks of the C. O. P. on Thursday night by H. H. Spurgeon, organist.

The Foresters gave a big dance in the Labor Temple on Friday night. Another happy occasion.

On Saturday night the Ukrainian Dramatic Society staged a delightful play, followed by a dance in the same hall.

Sam Boychuk, teacher and machine agent, has the honor of being the first business man in Spalding to put down a sidewalk in front of the new market.

1929 (name changed to Mary Ann Herbert).

Moved by W. J. Anderson that the secretary acquire title to the position of land sold to Tom. Bastable (NW 27-41-14) with a view to getting payment or taking back the property.

Moved by P. J. Blower that L. Hagen be given a grant of \$300 for grading the streets of Melling and purchasing necessary culverts.

Moved by P. J. Blower that the treasurer and Hagen be authorized to arrange with the Bank for a loan of \$600.00, or less, if it becomes necessary before the next meeting.

Moved by O. Daily that the meeting adjourn.

A. C. Havel, Sec. Treas.

"In Selling Position"

Alberta Wheat Pool members should appreciate what it means to the Central Selling Agency to have Pool wheat in a "selling position."

To make the best sale Pool wheat should be in a position where it is instantly available, and where long and troublesome delays are not incurred.

When Pool wheat is in Pool elevators the Selling Agency can depend upon it being disposed wherever it is wanted. For that reason, if for no other, Pool wheat should be delivered to Pool elevators.

Realizing this, Pool elevators give Pool members an assurance of fair treatment to an extent never known to the days when there was no Wheat Pool.

You can best tell your Selling Agency and your own elevator system by delivering your wheat to Pool elevators.

Life's Tools

When a carpenter goes out to build a house, he first examines the tools in his kit. If they are not perfect, he will not work with them. He will first see that they are in good condition. The same is true of the human mind. It must be in good condition before it can be used to its full capacity.

Sell yourself a Chevrolet

CHEVROLET means solid dependability on wheels. They leave behind the wheel of the old Chevrolet, just what it means to drive a car. It is a car with a high-performance, self-adjusting engine, with smooth and reliable body by Fisher. It is a car with a price of a car.

Convention Liberals
of the November
1919

It is a singular coincidence that the
convention of the Liberal Party of
Canada, held at St. Paul, Alberta, on
November 7, 1919, should be held
on the same day as the convention
of the Liberal Party of the United
States, held at St. Paul, Minnesota,
on November 7, 1919.

The convention of the Liberal Party
of Canada, held at St. Paul, Alberta,
on November 7, 1919, was a most
successful one. It was held in the
Grand Hotel, St. Paul, Alberta, and
was attended by a large number of
delegates from all parts of the
province.

The convention of the Liberal Party
of the United States, held at St. Paul,
Minnesota, on November 7, 1919, was
also a most successful one. It was
held in the Grand Hotel, St. Paul,
Minnesota, and was attended by a
large number of delegates from all
parts of the country.

The fact that the conventions of the
Liberal Party of Canada and the
Liberal Party of the United States
should be held on the same day is a
most singular coincidence.

Thin Ice

Ice has formed on some of the rivers and sloughs and in some places this has given way and there have been deaths from drowning. Common sense and the experience of other years should dictate caution in the first months of the season. However, with a small number of people around who think it is "safety" and during a thaw, there always will be accidents and it is wise to have some knowledge of what to do in such an emergency. There is no time to write every body's hands and thumb for help. The help must be instantaneous if it is to be of any use. The victim's condition is usually such that it will prevent him from waiting for help in needless struggles. Then get a fence rail and push it along the ice across the break, where the drowning person may catch it and be pulled to safety. A gun, a ladder, a bucket, stick attached in the centre to a length of

Ice has formed on some of the rivers and sloughs and in some places this has given way and there have been deaths from drowning. Common sense and the experience of other years should dictate caution in the first months of the season. However, with a small number of people around who think it is "safety" and during a thaw, there always will be accidents and it is wise to have some knowledge of what to do in such an emergency. There is no time to write every body's hands and thumb for help. The help must be instantaneous if it is to be of any use. The victim's condition is usually such that it will prevent him from waiting for help in needless struggles. Then get a fence rail and push it along the ice across the break, where the drowning person may catch it and be pulled to safety. St. Paul Chamber of Commerce
 The other, who lost the privilege of attending his first meeting of the St. Paul Chamber of Commerce at the Laval Hotel on Friday evening last, was announced at the work this local association is doing.

By work, the Journal's news, based on previous effort to put St. Paul on the map on the most important point, and indeed it is, in eastern Alberta. It is a pleasure to meet with a group of real business men, who take pride in the town in which they have not up their business since the first to start the 1929 plan to build a new town.

The winner of a 3-1/2 hour Western outfit radio, the lady being drawn by Gilbert Lefebvre.

St. Paul Chamber of Commerce
 The circumstances attending the death of a gallant young officer at Ypres the other day should serve as a warning against wearing up one's own engine in the garage.

Captain G. A. Kerr, V.C., was killed while the engine ran. There was an explosion of the diesel engine, and he was killed.

Pulsing describes what happened better than any explanation. A man may be satisfied by mechanical work but he is at appearance dead. Yet the pulsation may not be the lungs working again and the incoming stroke may revive him.

U. F. A. Resources Obtain Government
 The transfer of Alberta's resources to Provincial control will no doubt increase heavily the responsibilities of the Alberta Government and of the Legislative Assembly. It will provide a supreme opportunity for the development of a policy of conservation and development on the public ownership and control of the health of this and other resources.

U. F. A. Resources Obtain Government
 A policy of strict observation, together with ready, well-planned development under public control, we believe will meet with the approval of an overwhelming majority of the people of the province.

It is possible that some parties may have to be created in the provincial cabinet. The work involved in the transfer of the Western resources under provincial control is no less a task than that which confronted the Federal Government of Canada in 1909 when the Dominion relinquished control. The man concerned with the direction of this new branch of Alberta's destiny must be a man who has the ability to lead.

One year has passed since that
day
The girl we loved, she went away
Forget her? No we never will!
For in our hearts she liveth still
We little thought the end was

Devery

The Radio dance in the Devery Dance hall, long and last night, was held on Friday night.

The modern view of the dollar centred the ball in a select dance, a nice supper and a chance of winning a radio set.

Mr. J. B. Handberg the highly respected and efficient proprietor of Devery was owner of the winning coupe and the \$45 radio set is now in his possession.

The music for this big dance was supplied by the Handberg Orchestra and better dance music was never heard in Devery hall.

Applaud from their musical merit the Handberg folk who were here on Friday night were a real treat.

Mr. Grouse and son James of Ferguson Place are here on a visit with their relatives Mr. and Mrs. Grouse.

Mr. Johnson has recently acquired the position of Manager of the Canadian Club, Devery's.

St. Bricks

The price winners of the Greater
City for week ending Thursday,
April 24, are—gold section, 1st
Linda Connor, boys' section, 3rd
Joseph Maher, and Gregory O'Neil.
2nd, Bill Mayne, 4th and 5th, Paul
and Mike Beyshen. Total number
of bids received 313. It is hoped
that more of the St. Bricks factory
will support the club so that we can
give more prizes.

The school entertainment com-
mittee held another dinner on Sat-
urday, May 2, and we hope that the dis-
tributed some that took place will
not be repeated, and successful
parties will not be admitted.

Bearings are heavily ordered
to stay away from parties with their
members due to Cent. LaChap-
pe or Cent. Hinton will attend
the schoolhouse dance as soon as
they get through with grave digging.

Industrial School Annual

An advertisement calling for
readers for the construction of
"The Quila Indian Residential
School" at St. Paul, "opened in
last week's St. Paul Journal and
appears also in this issue.

This, we are informed, calls for
an initial expenditure of \$15,000.

Representatives of the Clayton
Construction Co. of Winnipeg and
the Bonnet Construction Co. of
Calgary were here last week in re-
spect of building on the Industrial
School.

He understood that J. P. De-
sautels and Jack Desautels and Chas
Gordon and others will submit re-
sponses. This, with the building
of the \$5,000 church, the \$30,000
high school, the Bonnet bridge,
already started, and possibly the
new hospital will call for a large
number of skilled and unskilled
craftsmen.

But few baby. The constable
find a few shots and this is no
more. Baby that he drank a glass
of champagne and had a
glass of beer.

That was no more.

Bridge Timber For Bonneau

A raft of bridge timber floating
down the Bonneau has arrived at
Bonneau, Alberta, Tuesday.

The timber is too large for rail-
road or motor truck transport,
and the old time river drive
method adopted by the engineer in
charge of construction. A number
from St. Paul, including the mayor
went to Thursday for the sight.

Did You Ever Stop To Think

By Robert R. White
THAT advertising has the power
of suggestion, which creates a de-
sire to possess.

CONSUMERS' advertising is the
most effective kind, and
businessmen advertising causes
readers to form a friendly feeling
towards the business advertising
and makes customers and prospec-
tive customers realize that only the
best in quality is continuously ad-
vertised.

Persistence in advertising is un-
questionably the greatest factor in
the building of business. It increas-
es turnover and breaks down sales
resistance.

Thankful advertising of quality
means satisfied customers. It is
building better business everywhere
for those who use it.

ADVERTISING is the Magnet
that attracts the attention of
it reminds the people of everything
they need.

Businessmen who handle
well advertised goods and back up
with local advertising are the
ones who profit most.

ONLY THOSE CONCERNED
who continuous advertisers can
satisfactorily meet competition.

Businessmen who do not believe
in advertising are JUST SLEEP-
ING, while local competitors, en-
gaging critics, close to door peddlers
and Mail Order Houses are getting
the business they should get.

What He Up In The House

We read in La Servatrice some
time ago that the modern girl,
commonly called flapper would
if she were not repressed and re-
stricted, undermine society and that
her children, if she had any would
go to the bone-rows etc.

Our observations, and they are
as good as those of La Servatrice,
are that this much maligned Rap-
per music, has her children, and
raises them as well as her mother
and grandmother did. Verily a
lot of back bite from the pen of
the self styled moralist in Christ-
ian day and generation. A propa-
ganda to lengthen her skirts would
be in order.

He Talked Back

"What happened to your face?"

"Had a little argument with a
fellow about driving in traffic."

"Why didn't you call a cop?"

"He was a cop."

Six of Course

Can't be Sure
It's a
Super-Six

is a Super-Six. By its patented principle a slider type is freed to its limit. It is romance and smoothness that belong exclusively to the Super-Six. That is why we say—and more sayings—“not just a Six, but a Super-Six.”

Gives Sparkling Performance

From front and motor balance of axle shaft, supplied with drive gives pleasure at

1. **Lightest** is of finest quality. There is a graceful three-spoke steering wheel, and the instrument panel has a cluster, electric fuel and oil level gauge as well as a tachometer.

2. **It is the fastest, best performing** known value ever built. It holds source of records established during continent-wide Challenge Week. Use it and drive it. You will need no other proof that it is not just a Six, but a Super-Six.

We apologize to our readers for the numerous typographical and other errors in our issue of last week.

How soon have we June 24, not May 24 as published.

The picnic at Chertville was to have been June 11, not May 11, but is now postponed to June 22.

The election brought in a huge number of work and great effort could not be made properly.

When you see a word mis-spelled, or a sentence with faulty construction, point it up, it is due back.

the late Mr. Galloway Marie Louise Galloway is having a fine cottage erected by H. S. Fraser on Main street, east.

ADVERTISING pays when one knows how to advertise.

A savings system is being installed for the old hospital and the wing will be under construction as soon as the sewer is completed.

E. W. Delleo of Edmonton is visiting in town.

W. D. Guthrie spent several days in the city last.

Premier Severance seems to like the city.

Get the Facts about Best Car for you

ESSEX CHALLENGER SUPER-SIX costs you no more - then why buy a lesser car?

Do you realize that the brilliant Essex Challenger actually costs little more than cars which are known chiefly for low price?

Just forget "low price" and get the facts. Get the actual costs—trade-in, financing and extra considered. You will be astonished at how little for anything, more like Ford!

Don't you see the outstanding advantages of the Essex Challenger. Now that the cost for an Essex Super-Six Challenger is not in any sense a matter of consideration, no longer either in appearance, quality or value.

Joe Farm Tractor Appears

THE improved Farmall tractor has a 24.5 horse power at 1100 revolutions per minute, the horsepower capacity at 1400 revolutions per minute. This is an increase of 27% per cent over former models. The new Farmall is just appearing in the Canadian and American markets. Quicker starting and improved control are two of the additional new features in the new Farmall over the earlier model.

Education Exhibition

With most of the buildings freshly painted and the entrance to the exhibition grounds widened and improved, the Education Exhibition is putting a great deal of energy into making this annual event bigger and better in every way. The directors are optimistic and they must be, for they have to ramble on good weather and good crop conditions and plan the most attractive program possible.

ACTING FROM "BARKLEY GARDEN"

"Breaker Tichen" the popular Broadway comedy by Martin Flavin, which will be presented at 7:30 throughout the entire season, is certain to strike a responsive chord in the heart of everyone in the coming "Carnegie Chautauque here, as it is the most favorable characters to round the season with. For twenty years "Tichen" has been as much of a staple in its own house, but outside of it, it has been the only play to which it has ever been a like, to the intense surprise of the Carnegie family.

"Broken Dishes" is a very human comedy, filled with laughter, romance and pathos. It will be presented here by the well-known Keaney Service Troupe of Chicago.

This Magnificent Comedy opens the Show Here Saturday August 2

The National Railway

It is a pity, putting it mildly, that the Canadian National Railway should have become a subject of discussion in the Legislature. The Conservative leader, Hon. R. B. Bennett, has done it. He has done it in a way that is not only a disgrace to the Conservative party, but also a disgrace to the Canadian National Railway. He has done it in a way that is not only a disgrace to the Conservative party, but also a disgrace to the Canadian National Railway.

St. Edouard

Four families and two "business" are associated by the common bond of the LaRoches, with having settled in the parish since 1890. Of course he is associated with that great achievement, while hundreds are achieving in Bonnyville, Thorsby, and Ed. Point. We doubt if the LaRoches comprehend how what is going on the other side of the Rocky Mountains across the border. They can give a list of at least a dozen who have left St. Ed. Point to come to reason in St. Paul. They can give a list of at least a dozen who have left St. Ed. Point to come to reason in St. Paul.

The Weight Test

Shows "Dipped" Cords are Stronger-Tougher

HERE is a test which easily proves the value of Gam-Griping—the extra patented Gam-Griping process of saturating and vulcanizing every fibre of every cord in a Gam-Griping process with rubber to eliminate internal heat and friction—the greatest enemy of any cord.

EARN YOUR
CONFIDENCE

YOUR first appraisal of Oldsmobile will leave you with a friendly feeling of confidence towards this high-speed car which is very low, simple, smooth, built and shodden dependability. But not until you have driven it in thousands of miles, and under every working condition, and in all kinds of weather, will you fully realize how Oldsmobile meets and keeps you confident.

You will discover that Oldsmobile, like a true friend, becomes more and more worthy, and that it inspires deeper confidence the longer you drive it. Like thousands of other Oldsmobile owners, you will have that it is dependability is based not alone on the time-proven

soundness of Oldsmobile design, but also on such mechanical refinements as a mighty 42-horsepower engine mounted on rubber-tired, long, flexible springs controlled by hydraulic shock absorbers, and a big, waterproof, four-wheel drive, and a sleeping, air-conditioned windshield.

An opportunity to prove how Oldsmobile can give confidence to you as an owner. Drive Oldsmobile, and see that it is the special car you want for both the quality and economy everywhere claim for it. Ask about the General Motors Motor Car Owner Service policy, most complete in the industry, and see how G.M.C. General Motors' own plan of deferred payment.

THE 1931 CENSUS ANNOUNCEMENT

15,000 EMPLOYERS TO BE ENGAGED

One of the first duties to which the 1931 Census will give the attention is the setting of the plans and arrangements for the 1931 Census. The taking of the 1931 Census is one of the most extensive acts of organization and administration carried out in any country, and of course the actual census will not be made until June 1st next, preparations are fully under way in the Dominion Bureau of Statistics and must be completed at an early date. The more important matters relating to the census are being dealt with the general lines which the Census will follow, and exactly what will be the scope of the census. As the Census is the "backbone" of the whole nation, setting up and for all the most important measures by which the national statistics must be maintained for a further ten years, the form and content of the several questions to be asked have to be given exceeding careful consideration. In Canada the decimal Census is broadly limited to two great subjects, (1) population and (2) agriculture. For industry and many other subjects the Dominion Bureau of Statistics has now set up a factory machine for the Census. Brouseaux

Today marked an epoch in the development of the country east and north of Edmonton in the shape of a traffic bridge across the North Saskatchewan river at Devassy-Brouseaux crossing.

As a century long years ago a party of the name of Brouseaux emigrated from St. Albert down the North Saskatchewan river, and located at what is now called Brouseaux.

More than time many improvements have been made in the particular part of the province and most particularly under the direction of the Hon. G. L. Macpherson Minister of Public Works.

Mr. Macpherson was in attendance today to officially open on behalf of the province the bridge.

N. W. MacPherson (designer of the bridge) and his resident engineer (Mr. J. Macdonald) to be both have in effect conferred an engine and structural test his bridge construction in this province.

Mr. Macdonald is fortunate having charge of a number of skilled workers who through undisturbed the building of bridges from beginning to end and this fact is particularly responsible for the remarkable structure being completed in record time.

This bridge now opens up a vast territory in the north eastern part of the province the value of which cannot easily be estimated in the shape of the farming, forestry, stock raising and other advantages to the property and well being of Alberta.

The Brouseaux-Devassy Road of Trade will undoubtedly create a little demonstration in honor of the opening of the bridge at a future date.

Teachers Flying Now

A teacher from Ashcroft flew Edmonton in Winnipeg. A very little trip like that does not cost much into a teacher's salary. It's just 1000 hundreds of good education to what to airplane her leadership to the way - Pretty clear sailing for her, but what about the taxpayer?

Foodstuffs - Sunshine

We are credibly informed that a certain family living not more than ten miles from St. Paul, have been receiving Sunshine money from the blind citizens of Edmonton, are kept busy by moonlight making whiskey, and disposing it at dances and elsewhere to young people. This is considered to be one of the worst forms of subterfuge. Small Court. Le Chasseur being a few more kids on the fence? Boring Under The Heart Of A City

Estimating a rough line at present connections to make plans on future date, where the trans-Pacific lines berth with the storage yards and industrial district on False Creek, Vancouver B.C., the Canadian Pacific Railway is just about to provide work for us throughout the winter by beginning work on a canal tunnel, nearly a mile long, where our main streets will be from north valuable buildings land made available by the displacement of the ground level line. In addition to which future connections will be made for the railway between the waterfront and the False Creek area. It is estimated that construction of 60,000 cubic yards of soil will be necessitated by the new tunnel, which will be 25 to 30 feet high and vary from 16 to 18 feet in width. The accompanying drawing shows details of the project, the heavy dotted line being the line of the tunnel through the heart of the city. It shows the new Canadian Pacific record-breaking line "Empress of Japan", where Vancouver, Vancouver, and (left) the new Marine Building, and (right) the new Pacific Building, which is a 10-story of approximately 10th, one of the new plans operating in British Columbia.

**What the Legislature
 Proposes To Do**
 On Friday afternoon A. G. An-
 drews (U.F.A.) moved the adoption
 of the Speech from the Throne. It
 was the legislative member's chief
 contention that much of the thought
 of the legislature must be directed
 towards finding the solution of the
 farmer from the four of litigation.
 Mr. Andrews pointed the work of
 the Debt Adjustment Bureau and
 urged very strongly that its scope
 be widened. He pointed out with
 telling force that if those men who
 have spent the best part of their
 lives in developing this province
 were to be kept on the land some-
 thing of compromise must be struck
 with the mortgage and land com-
 panies. He advocated an immedi-
 ate reduction in interest charges
 and the spreading of the payment
 of tax arrears over a period of years
 without interest or penalties attach-
 ed. For special praise Mr. Andrews
 asked the Hon. O. L. McPherson
 for his highway policy.

**Can The Canadian Wheat
 Growers Survive**

By MAJOR H. G. L. MERRITT
 (Continued from last week)
 There can be no halfway measure
 with these things. No Government
 nor private measures, no legisla-
 tion of any kind or description can
 ever possibly change this fact, that
 those who produce wheat of the
 best quality and at the cheapest
 price, will survive. Others will
 disappear.
 The speaker believes without any
 hesitation, that the Canadian
 wheat grower has sufficient advan-
 tages in his favor, advantages not
 possessed in the same degree by
 wheat growers of other countries,
 to ensure that the Canadian wheat
 grower can, if he will, not only stay
 in the business of wheat growing,
 but even perhaps in the future en-
 large his operations to meet future
 world's larger demands as popula-
 tion increases.
 These advantages might be classi-
 fied as follows:
 1. A reputation known to none
 for quality of wheat.
 2. A physical handling system
 that functions efficiently, speedily,
 and well, at a very slight cost
 to either producer or consumer.
 3. The services of well trained
 and highly experienced men
 who can, if they are charged
 with the duty, market the Cana-
 dian farmer's crop on the
 world's markets in a manner
 that ensures the highest pos-
 sible price to the producer, and
 at almost a trivial cost.
 4. Transportation systems, that
 transport wheat from the coun-
 try points to terminals and sea-
 board, at a lower freight rate

of costs of guaranteed and cer-
 tified cargoes. In variety, so
 that the farmer can, if he de-
 sires, produce crops of high
 quality.
 5. A Board of Grain Commission-
 ers who are constantly on the
 alert to safeguard the interests
 of the producers of wheat and
 equally well to safeguard the
 quality of the grain shipped
 overseas.
 6. An inspection department,
 working under the Board of
 Grain Commissioners which
 ensures to the producer correct
 grades, weights and dockage,
 and other factors ensuring fair
 dealing and whose certificate
 and shipments overseas has
 the unquestioned confidence of
 buyers the world over.
 7. The services of groups of agri-
 cultural scientists working
 through Universities and Ex-
 perimental Farms endeavoring
 to assist the farmers in his
 agricultural problems to develop
 more profits in varieties of
 grain.
 8. Efficient Departments of Agri-
 culture, both Dominion and
 Provincial, ever on the alert,
 through their many officials, to
 serve farmers agriculturally,
 to convey to them their proper
 knowledge, and to assist them
 in overcoming their many prob-
 lems.
 9. The Dominion Seed Branch,
 which ensures to the farmer
 that seeds which he may pur-
 chase for his crops are clean
 and represented, and are accord-
 ing to 4-bushel grades and
 standards.
 10. The Canadian Seed Growers
 Association, which assures a
 production through its members
 of seeds of guaranteed and cer-
 tified cargoes. In variety, so
 that the farmer can, if he de-
 sires, produce crops of high
 quality.
 11. Systems of financial credit by
 Banks and Mortgage and
 Loan Companies which ensure
 a working credit to farmers at
 a cheaper rate than at all other
 farmers enjoy in some com-
 peting countries.
 12. The services of the National
 Research Council in its inter-

 trols.
 13. The services of the manufac-
 turers of tools and implement
 and other goods which make
 available quickly and efficiently
 these goods together with their
 repair parts, at frequent points
 throughout Western Canada.
 14. The services of a monthly
 magazine, "Wheat and Monthly
 Farm News", that is alert at all
 times to bring to the attention
 of the farmer new methods of
 farming, new devices and new
 thoughts in his business of agri-
 culture.
 15. A growing realization on the
 part of all those who lead di-
 rectly and indirectly with the
 farmer that the Canadian far-
 mer is in a very truth their partner
 and not only one to provide
 them with profits and that it is
 a duty and a responsibility to
 directly afford the farmer such
 assistance as they are able to
 do that will assist the farmer
 to overcome his many problems
 in agriculture. A service for

Large And Sympathic Wheat Pool Meeting

Watson, Normandem Were Speakers

ANOTHER important step was taken by the wheat pool when the question of the much needed fund was taken up by the pool in the year 1929. It had been laid by people opposed to the co-operative idea that the pool should be a purely financial institution and should not be a social organization. The pool, however, has been a social organization from the beginning and has been a social organization ever since.

Ashmont
 The Ashmont Live Wines took
 their place in V. L. Point on Thursday
 March 12. It was a cold night
 but the night as not as cold as the
 fall. Oh right it will be in the morning
 before we forget that evening.
 There was a very large house, pre-
 vious, that have now hold the hall
 number 12.

Mr. J. M. McNeill entertained
 the party last around town on the
 occasion of her son Gordon's birth-
 day. They all spent a good time.
 Live Wines want to be a talking
 name in the future. Ochsley have live
 wines too.

There has been lots of sickness
 and but we are glad to say
 nothing serious most every one has
 had their turn.

 Miss V. L. Point, Ont. was only out-
 played by a few points.
 A quiet programme followed the
 tournament games, after which a
 busy lunch was served by the la-
 dies of the club.
 During the interval the president,
 R. H. Point, presented the prizes to
 the successful competitors and con-
 gratulated the members on their
 sportsmanlike spirit they had shown
 throughout the competition.
 Mr. Nasser generously donated
 his prize as a challenge trophy to
 the club. The song of the "Maid-
 en" which was a very pleasant
 evening brought a very pleasant
 and happy close.

Darwin's Commemoration
 (Continued from last page)
 The speaker went to prove the
 accuracy of co-operation, the law
 that all social classes may derive
 from it, explaining that the produc-
 tion of the Wheat Pool the non-members
 had benefited from the members
 of the wheat pool. We already
 know there has been much talk
 of a 100,000,000 Pool in Bon-
 nyville, and I think it is most prob-
 able that in the near future, this
 idea will spread and be developed
 in the wheat growing prov-
 ince, joining them together in
 solidarity. In Alberta the Wheat
 Pool has steadily grown and, and
 the year, farmers have suggested
 their confidence by signing 300,000
 personal contracts; he urged the
 members to be loyal to their orga-
 nization, to be loyal to their signa-
 ture, and to be loyal to the Pool
 contract as a mark of progress.
 Speaking on the probable cause
 of the actual market depression,
 he explained that the depression was
 due to over-production of the com-
 modity in the five principal wheat
 exporting countries of the world.
 These countries could easily agree
 to a reduction of their production
 and from his own statistics
 that if these countries would only
 reduce their production by approx-
 imately 15, the problem of over-
 production would be solved. Mr.
 Harnsworth explained that this
 was merely a theory, and asked
 himself if it could not become real-
 izable. This speaker agreed with
 his personal views on the subject,
 and so much that he would not re-
 frain from interpreting the speaker as
 expressing my appreciation, I developed
 in my own words explaining my per-
 sonal convictions on the question.
 "Does over production is the
 cause of the depression of the wheat
 price? I am not sure, but I am
 sure that it is not the only cause
 of the depression; wheat is a
 grown mostly in every part of the
 world, but the five most impor-
 tant wheat exporting countries are
 Canada, the United States, France,
 Great Britain, and Australia. These
 five countries produce about 80 per
 cent of the wheat consumed in the
 world. If these five countries could
 agree to a reduction of their pro-
 duction by 15 per cent, the world
 would be supplied with wheat for
 the next five years. This is a
 very practical solution to the
 problem of over production. It is
 a solution that is within the reach
 of all nations. It is a solution
 that is based on the principle of
 co-operation. It is a solution

Rotating Valves For Automobiles and Other Engines
Leo Maurice Invention
In the beginning of the year 1929, Mr. V. F. Roy, Leo Maurice and I, Leo Maurice, began working on a new invention to take the place of the valves on the present day engines for cars, trucks, etc. After some lengthy time, in which we were handicapped and hindered, we succeeded in making a new kind of a small engine, which worked up to their expectations. They got busy and applied for a patent to the Patent Office at Ottawa, which was granted last November.

VICTORIA, Canada's overseas playground, offers a striking contrast
 to other parts of the country as mandated in snow, snow-free
 really here in abundance there. The climate is so mild that all kinds
 of sports, usually subject to annual banishment, flourish in Canada
 in the year-round resort, and the beautiful setting of Vancouver
 Island seems like its domain. Victoria is essentially beautiful, as the
 Pacific Bay's inspiring beauty, landmarks of all kinds and
 sporting centers add miles of thousands who will to escape the winter

Taxes Notices Out

Behind tax notices have been mailed. Those who pay taxes late, the state auditor, says, has not had a tax sale before in ten years and some are almost for that length of time. It's an injustice to those who pay on time. Jean Baptiste belongs to a long suffering race, his patience is

all paid their just share. Those who do not pay taxes especially school taxes are not much good to the community and they should be made to pay or be sold out.

The Minnesota Plan of Lending Money To Farmers

When a \$5,000,000 lending corporation is to help the Wisconsin farmers in comparison with the total capital invested in the same country, the amount is relatively small. But it is a capital which is administered according to the "Minnesota Plan." This plan, in operation for six years in Minnesota, has been successful in helping the farmers of that state to obtain the capital needed in the plan itself.

Where To Use Chemicals

It is patent to anyone that the limiting factor in the use of chemicals is the cost. With the small value of labour and the low return for farm products money is to be spent only after

very careful consideration. The result of present work would indicate that chemicals are the most effective weed destroyers. Medium chemicals in the material used reasonably well. The quantity to be used is in gallon form of about 10 to 15 gallons of water. About 10 to 15 gallons of water. About 10 to 15 gallons of water.

be relatively higher. There appears to be no benefit in using a chemical solution of greater strength than this 10 to 15 weight. The quantity to be applied varies with the type of vegetation to be destroyed. The stage of growth, and the nature of the soil in some cases will vary application for sufficient. Two gallons per square foot is the smallest practical application of spray while as much as 10 gallons may be used on small patches.

Smoky Lake News

By our Smoky Lake Correspondent

Mr. and Mrs. W. A. Mackenzie the Manager of the Canadian Bank of Commerce, left last week by car for Toronto for annual three week holiday. Here Mac bring some news from East.

Our Account Is Rendered To You Weekly, Look At Your Label

An amount of \$8.00 is owing to a firm. Notice is sent that it is due. No reply. Next month the account is rendered again. The account has already met the firm 30 cents in reductions and is still not paid.

It is unfortunately estimated that the cost of rendering an account is 10 cents. If the management of the account is rendered again and again without a reply.

One of the greatest arguments for each business on small accounts is the matter which the average dealer accounts them and the amount and expense they cause the creditor.

Newspaper subscriptions are on a paid-in-advance basis because of all subscription orders the last.

Look at the label on your paper. It carries the date on which your subscription expires and it is a constant reminder to the publisher to pay what you owe.

Effect of Chemicals On The Soil

The effect of chemicals on the soil is usually to render it sterile for one or two years. Application of chemicals which fall to render the ground temporarily sterile are often ineffective in the long run. In the event of the chemical being applied in the fall the ground will be recovered by the following June, while no permanent result will be obtained from normal use and application.

Looking To The Future

Robert Gordon, M.A., president of the United Farmers of Alberta says:

"Looking to the future, I am confident that Alberta farmers will never be satisfied by any system of marketing that is not strictly co-operative in its basis, because no other system can meet their needs."

"By introducing food elevators we can speed the day when the co-operative system will be firmly established as the normal method of handling our products."

CONFERENCES

October 23, 1931
The Editors,
St. Paul Journal,
Dear Sir:
In your issue of Wednesday, Octo-

ber 21, there are several statements contained in an article under the heading "The Council and Chamber of Commerce meet Calgary Power Company" that we wish to take exception to.

In this article you state that J. H. Thompson, secretary of the Chamber of Commerce, gave several statements of facts to the Calgary Power Company.

The Council and Chamber of Commerce met on October 21, 1931, at the Hotel Vancouver, and the meeting was held in the presence of the Calgary Power Company and the residents of St. Paul.

Respectfully yours,
J. H. Thompson, Secretary of the Chamber of Commerce.

The officials of the Calgary Power Company stated that the refusal of these charges had been made three parties since they had arrived in town, and when asked why, they stated that a mistake had been made in error collecting these special charges. We wish to be distinctly understood and generally known that while two of these charges for reconstruction had been collected during the fall of 1930, no such disbursements had ever been made. It was only after the Chamber of Commerce had previously protested that refusal was made by the Calgary Power officials when here last week.

The Chamber of Commerce, while not wishing to interfere with the rules of the reconstruction of the Calgary Power Company, did request the officials of that company at the meeting referred to that before any service was disconnected for non-payment that the consumer be properly notified that such disconnection would be made and a reconsidered action be taken if the account was not paid immediately. We can very plainly see that the Calgary officials refused to agree to our view on this matter.

Our article goes on to state that the Chamber of Commerce instructed all the people to "Push On All Their Lights" on the evening of October 10th. Hardly instructed in a big word, and the Chamber of Commerce has not the power to make anyone do anything they do not want to do. It is true that the Chamber of Commerce, in order to test the capacity of the plant of the Calgary Power Company, had requested, not instructed, the majority of the residents of St. Paul to use their lights on that evening.

As to whether there was a slight decrease in the lights during this test, or whether half the town was in darkness, the street lights off, and the balance of the lights were then collected in common knowledge to all the residents of St. Paul. Furthermore, while the Chamber of Commerce did not instruct the employees of the Company, they officially that this test was going to be made, the company employees inform us that they knew about the test going to be made two days before the test actually was made.

We wish to be distinctly understood that the Chamber of Commerce is not in any way antagonistic to the Calgary Power Company, but we do believe that there were certain rules and regulations connected with their business here that were unfair to the residents of St. Paul, and we do believe, and will believe, that it came under the jurisdiction of our Chamber of Commerce to endeavor to have these rectified. The first step was an estimation was the test of the capacity of their local plant. This was done on the evening of October 10th. The next step was to test the officials of the company. This was done on October 15th. We are very pleased to say that the officials of the company at this meeting gave every consideration to our

complaints, and in many matters promised the residents of St. Paul greater courtesy and greater consideration in the future. There are still some matters to be adjusted, but these will be taken up by the residents of the company and the town council and the chamber of commerce. We are also considering the result of the test and the meeting of the company officials with the town council and chamber of commerce will be conducive to a friendlier and a better understanding between the Calgary Power Company and the residents of St. Paul.

Respectfully yours,
J. H. Thompson, Secretary of the Chamber of Commerce.

ED. NOTE:—Surely Mr. Thompson knows that the Power Company's employees were notified to the Chamber of Commerce of its intended action of requesting the citizens to use all their lights and power equipment. A definite and always given notice, properly his duties. The Secretary of the Chamber of Commerce should have given ample notice. He gave none at all. The employees were told by a town that all lights were to be put on the night before. Did they live in such a concerned and well-documented action to try to put the town to darkness for a few minutes or even half an hour?

The only pretensions, we believe, the Chamber of Commerce has to is to advise the town council that it, the Chamber of Commerce, believes certain rules of the company are unfair. The rules and regulations were not considered unfair when the council granted the charter over three years ago, but this town has grown very rapidly since. The Calgary Power Company can and will furnish adequate power, and we are glad that the chamber of commerce is not satisfied. We have this valuable utility and we should be very glad to pay our energy so promptly as we pay our power or grocery bill. We are not unimpressed of the great good the chamber of commerce has done for the town of St. Paul, and we are glad to see it acting on behalf of the town of St. Paul, and we are glad to see it acting on behalf of the town of St. Paul.

Are Women Equal To Men?

What is the days to meet by a government that to a university of laws, traditions, rules or men. What seems to stand up to but a decrease which will not stand.

We have in perpetual falsehood, and it is difficult for the most modest to be noted, and the presence of nations, and the expression of sentiments which most of the time are absolutely false.

Naturally it would be necessary that men be not imbued with modern prejudices on civilizational matters should be noted, and it may be justified as a law that the tendency to choke and rob his fellow men, is in direct proportion to the facility to apply the faculty of intellect and moral cowardice, this absence of character, which has put all that was honest in the mercy of a small group of lawbreakers and money sharks, and for that reason, it may not be very much changed, their attitude, the duty of government society will fail, the duty of women.

Why has women remained in slavery during so many centuries? For the simple reason that men at least do not have an intelligent interest in the activities of women, which would be a credit to the family and the kitchen, forbidding her the right to develop her mental and intellectual faculties. But today, awakened from their lethargy and seeing how badly men have mismanaged society, women will soon be forced to take over the reins of government.

For example, let us consider England, which proclaims itself the Mother-Civilization—the Mother of Democracy. What do we see at each new election a greater number of women enter the legislature, the more men have been elected, and one lady member, Miss Bonfield, was named as Member of Labor, a rather important position for a person to whom men are as attracted as the female intelligence. Look at our neighbors to the south, where do we see? Women governors of States, mayors of cities, judges, lawyers, electricians, artists, and women on every step of the social ladder who do this function with a firm and just hand.

Here in Canada, our good people have refused women the right of suffrage, and have refused to give women the same rights and their terms in the future. The total cost of the franchise to the state is approximately \$1,000,000, and the work is much more easily done in this country than in any other.

But the Canadian people are not so stupid as to refuse women the right of suffrage. The Canadian people are not so stupid as to refuse women the right of suffrage. The Canadian people are not so stupid as to refuse women the right of suffrage.

Beaver River U.P.A. Convention

The annual convention of the Beaver River U.P.A. association was held at Orlaya November 14. Twenty delegates from various areas present from all parts of the district.

The afternoon was for discussion of mission possibilities, read reports, election of officers, a delegate to the Edmonton convention in January, who was one of the district conventions we ever had.

Mr. J. A. Dehler, ex M.L.A., was again named as our standard bearer for the Beaver River district with the approval of all present.

The evening session was for the pleasure of listening to F. Baker, minister of education, speak on the state of the province, and the program made up of children of the day and song. The evening was a most interesting one.

The officers elected for the coming year are:

President: Chas. Orlaya, Poon, James Williams, Plamondon, Vice Pres., L. E. Magnuson, J. Linn, Sec. Treas. Fred Davidson, ex M.L.A., B. S. Boudreau, Gertie, M. Halverson, Port Lake, Geo. Magnuson, St. Line, H. Anderson, Orlaya, Joseph B. Gervard, Leland.

To finish the day a big dance was put on at the evening with St. Paul Orchestra playing the music. We wish to thank the ladies of Orlaya for the dinner and supper which we all enjoyed.

Early Argentina Estimate

A cable from Buenos Aires indicates that the new Argentine wheat crop may total 200,000,000 bushels compared with the final official estimate last year of 170,000,000 bushels. Wheat growers in Argentina are down to the water conditions have been almost ideal. The crop is now at a critical period and weather conditions for the next few weeks will be of vital importance. Harvesting takes place in December.

West Australian Wheat Pool

The West Australian Wheat Pool handled 75,145,000 bushels in the year just ended. It is anticipated that the Australian Government will pay a bonus of 6d a bushel on all wheat exported during the coming year. There is a consistent opinion that a bonus on floor is order to pay a bonus to the wheat growers on that part of the harvest consumed in Australia.

Provision estimates indicate this coming season's wheat yield in Australia to be 180,000,000 bushels with \$11,000,000 bushels last year.

Raft Lake

Grain hauling is now in full swing and some of the big trucks simply sit for a traffic cop. The new motor trucks have been dragged and no longer resemble the old ones and of Northern Prairie. We wonder who it was that saw those four big trucks by Black Hairsides. Our Raft Lake ladies have been to look upon better making as a show. They simply look the others in a mass of wheat coming to the truck driver, on a passing. In one time the wheat is washed at the elevator and the chain arrives home full of a dairy butter.

Mr. Jack Peterson and Mrs. B. H. Peterson of Raft Lake, who have been up old friends at Raft Lake.

Mr. Fisher is giving a post-photograph party at his school on December 8. Radio-entertainment with the new record music. Ry's not named after the well-known Claque Port but was christened by a grateful building to perpetuate the memory of a host of friends which they found in his constructing the school house. Ry's has always tried to live up to his reputation, and great things are expected of the dancer, which will be a sort of Harvest Festival celebration.

Mr. Tom Williamson and the baby have been having a social at Vermilion.

Somebody said that when money is tight it is counted like a new pulling her out of the mud.

Best Christmas's chickens have gone wild and most in the tree, so the boys of the Boys' Old Play have decided to have a chicken party to help them out.

Mr. and Mrs. E. J. Sheahan are home again from St. Paul. Point hospital. Mr. and Mrs. Sheahan have been to the farm, having decided to take her treatment at home, to the great satisfaction of the family.

The oldest inhabitants have never remembered seeing so many doctors as the late, and if anything still, thousands of them by inland to feed on the stubble fields.

Return of Public Confidence Will Help Finance of Paul

It is confidently felt in high financial circles that all the elements are aligned for success after the current financial crisis has been passed. The return of public confidence in the financial system of Canada, through the Department of Finance, that all the money required by the Government to carry on the affairs of the country, without resort to outside markets, will be provided by investors in no time.

As a result of the recent financial crisis, the Government has been forced to turn to the outside markets for the money it needs to carry on its affairs. This has been a source of embarrassment to the Government, and it is now the policy of the Government to return to the inside markets for the money it needs.

Confidence is returning through the country after a period of years, during which prices of commodities and securities and at abnormal levels. There is some conviction that the de-

veloping has run its course and that the situation should be in a position to return to normal. Miss Irene Cloutier has accepted a position as head nurse at the hospital here replacing Miss Chorney.

This cut was made from a picture of the Lavoie hotel before the extension was added. The late T. A. Lavoie, who died February 9, 1930, was long and favorably known to the travelling public of Alberta. Mr. and Mrs. Lavoie were born in Massachusetts and Michigan respectively. Mr. Lavoie came to Canada an infant, and Mrs. Lavoie came to Canada 32 years ago. After a stay of one and a half years at Branson they took charge of the St. Paul hotel, and then purchased the present hotel some eight or nine years ago.

Const. McKay emphasized a jury composed of G. W. Nikolaychuk, John Wojcik, J. P. Metro, Sh. K. W. Wm. Ungarson, P. V. Fedorashy, and J. L. Shaw came to the conclusion that the unfortunate girl had committed suicide. Drs. Eadie and Lawford evidence that the child had been alive and a warrant is served of the young girl following.

A Dollar goes a long way

A dollar given a long time ago has faded away from memory where it should spend it and perhaps this is why so many Canadian dollars are going just as far as they can get right out to Victoria, B.C., this week. The winter season has come. Canadians who formerly went "south" for the winter months have discovered that there are attractions right at home which are probably with equal vigour that is afforded by the international frontier and at a value of one hundred cents in the dollar. People are watching their money go down the drain like water down a drain. It is fashionable to spend the winter in one's own land. Over in England, it is being done, for the cream of fashionable society, the aristocracy of Europe, the Duke of Devonshire, has decided that his country resort or home in a picturesque

and provincial customs in these days of free trade is becoming less than its turn in the days of protection, and it behooves the nation to conserve its prairie in every possible manner. Here in Canada, the more domestic the farmer, the more successfully he prospers. The wheat, the stock and other things are hoarding as harbors of better things, and Mr. and Mrs. Canadian are investigating the family prospects for the future. They find that the result is that they had better take one perfectly good Canadian dollar prairie so in Canada, whereas, if they clipped off some 15 per cent, they would have a dollar in the sample. The picture shows the beautiful inner harbor of Victoria, B.C., as viewed from the pavilion of Parliament Buildings, with the "Commodore" and "Bastion" of the Canadian Empire Hotel on the point.

and, below, a soldier, showing the 14th at the Oak Bay racing club room night. "Have been told 'down South'."

Introduction of Printing

Into Canada

(continued from front page)
1839. Fautou says, "Despite the apathy and the indifference of the greater part of the population who prided themselves on learning all the local news without any external assistance, and who cared little for anyone outside their own circle, the New Yorker gained work by week."

At the beginning of November 1889 the two printers were awarded a subscription promised by an Indian chief whom they had met living with his six wives on the frontier of Minnesota on their journey from St. Paul to Fort Gary. Even the Hudson's Bay Co. although it dreaded the publication that might exercise a surveillance over its actions, subscribed for a copy for each of its chain of points north of there so far removed that the paper reached them a year after the date of publication!

RIEL SUPPRESSED PAPER
In 1870 Louis Riel simply suppressed the 'Nor' Western', who had no more reason for approving of his form of advocacy of all manner

ments than had the Hudson's Bay Co. and Riel set up The New Nation. Caldwell who had cast out and after an absence of some years returned, produced the Red River Pioneer and had begun printing a proclamation of the Hon. Wm. McDougall when Louis Riel with the assistance of priests and scouts induced the printer to fill the remainder of the paper with articles against the Hon. McDougall.

In 1870 Coldwell and Cunningham founded the Manitoban and Joseph Royal, (later Hon. Joe Royal) established the Metis in 1871 changed to Le Manitoba which was in many ways the origin of the

and his passion for justice, he gave
up the struggle and emigrated to
St. Paul where he died at the end
of the last century.

At Battleford, P. G. Laurie after voyage of 72 days over a 1600 mile route established in 1874 the first mail and the first passenger line.

In December 1883 Frank Oliver founded the Bulletin as a sheet in small type. Suchen by seven and another roughly printed, but it has made for itself a glorious path says E. Foutles. In 1882 the Times was founded at Prince Albert and the Gazette at Fort McLeod.

The Regina Leader (1883), Calgary Herald began in a canvas tent 49 years ago is now comfortably lodged in a ten story edifice of marble and

ounded by Nicholas Flood Davison, one of the most brilliant journalists ever known in any part of Canada.

M. Fautoux closes his most interesting introduction of Printing into Canada by classifying printing as the most benevolent and the most civilizing of all inventions of the modern world, the most marvellous instrument for intellectual and social progress and he awards the meed of praise to all those who, by their mastery of its processes, have assisted in developing its full value.

M. Fawcett concludes her history by saying: "It was not the general opinion that is valuable, any leader, rather it was the sterling point in which it was desired to rescue from the shadows that were already distant and in which there was danger that it might be forever lost. The backward glance should serve no man's purpose to restore to those traitors the memory of earlier days, or to make him build up the untaken cities and to day the credit we are too prone to forget if it has not faded on his others."

The 14th annual banquet of the Forty-ninth Battalion (Commonwealth Regiment) will be held at the MacDonald Hotel, Edmonton, at 7 p.m. on Saturday, 3 January 1957. Every year the banquets of this commonwealth battalion have been a success and they afford a splendid opportunity for the old comrades to meet again, to sing the old songs and to spend a very pleasant evening. Every man who at any time served in the Forty-ninth Battalion is eligible to attend this banquet and is urged to do so.

Among those at the hospital this week are: H. Jason D. Haggerty, Chas. Edwards, St. Herdes, Victor Randall, St. Vincent, & A. Jackson, Frank Loh, M. Douglas, St. Lisa, J. A. Delino, E. C. Demarcus and Aubrey Herriman, who says he's better to stay in the hospital rather

Stages in Cellulose

Why is silence praised so much by certain schools of philosophy? wonder? What has it done for the world? Nothing that I am able to perceive. Carle said: "Speech is silver, silence is gold." But he was never silent for very long himself.

Men have retired into themselves, some shutting themselves up in caves and cells have taken vows of perpetual silence. May be they have devised a certain kind of edification for a chalice so far as they are personally concerned. Humanity at large however received no advantage whatever from their or his imposed silence.

OBITUARY

An old and respected resident of St. Paul passed last Tuesday in the person of Antoine Fontaine, aged 81 years. Although he had resided for many years in the United States he was originally from Ottenville, Que. He leaves to mourn his loss his loving wife, five sons and three daughters. They are—Henri, Arthur, Alphonse, Lucie, Ephraïm, Mrs. Aime Tremblay, Mrs. Anna Brabant and Mrs. B. Tetrault.

Jon. McDunell, of St. Briden, left for treatment in an Edmonton hospital. He was accompanied by Duncan McDunell and Ernie Leroux.

No Dead Grasshoppers— If you have ever examined newly threshed wheat—and who has not, who lives in Western Canada—you have noticed sticks, weed seed, and dead grasshoppers. From the separator this goes to the bin, from the bin to the mill—then WHAT?

In the mammoth plants of Robin Hood Mills the wheat is first screened to remove the straw, sticks, insects, weed seeds, etc. Powerful air suction removes the finer particles of dust and foreign matter — then follows a thorough washing, scouring and rinsing of the wheat.

Make sure the flour you use is fit for consumption on your table. Remember . . . the difference in cost between CLEAN, PURE Robin Hood flour, and cheap, poorly milled flour is only 1c PER DAY FOR A FAMILY OF FOUR.

Liberal Meeting In St. Paul

Martin Says Conservatives
Allied of K.K.K.

He M. Dum liberal candidate accompanied by W. D. Thompson and H. Milton Martin addressed a well attended gathering last Wednesday in the Capital Theatre hall.

We regret not having heard what Mr. Dum said owing to arriving too late but we certainly heard what Mr. Thompson had to say and got an earful of Mr. Martin's speech and especially when he said the Conservatives were the allies of the K. K. K.

Mr. Martin is quite sure and made the statement negligently or wilfully or not caring when addressing a St. Paul audience whether his statement was true or false. The proof: Mr. Martin revealed several copies of letters, the contents thereof carry a very strong presumption that the leaders of the same are in sympathy for an anti-semitic empire.

Mr. Martin tapped the Journal gently but good naturedly saying among other things that he should have asked us to come to St. Paul.

It would have been ill-mannered to take issue with him as it was his meeting although it was hardly to be wished by some that there would be fireworks. Aside from this the meeting was devoid of any great interest. Mr. D. B. MacKenzie made a very capable chairman and introduced the speakers.

Mr. Thompson read excerpts from Hansard delivered by St. Hon. W. L. McKenzie King with regard to the late lamented Mr. Buckley but it is passing strange that he did not read of the same those words that Mr. H. B. Bennett had said about the tragic poisoning of the late member.

Electric Windmill

Anyone interested in something new are invited to see a windmill that generates current to charge batteries. The contrivance is unique and can be seen at St. Paul's. The inventor is O. Girard.

Legionaires: ATTENTION!

St. Paul Branch No. 100, Canadian Legion will hold a meeting in Buckley, Brown & MacKenzie's office, St. Paul, at three o'clock sharp, on Sunday afternoon, March 6th.

It is desired that all members, and those whose applications are in the Secretary's hands, attend this meeting as there are many important matters to come before the local.

Badges and cards for new members will be on hand and dues from members will be collected.

Pass the word around Bricks and let it be a real meeting.

E. C. Hall Good Parties

On Wednesday evening Feb. 24th the Knights of Columbus had a very successful card party and concert held in their rich rooms. Those who took part in the programme were:

Miss Irene Spencer, a piano solo; Mr. Tremblay, a vocal solo; Miss Elanor Macdonald, a vocal solo; a vocal solo by Mrs. J. W. Boudry and a number of humorous anecdotes by Mr. Arthur Fontaine. The entry prize, a lovely tea set, was won by Mr. Albert Donaldson and the prize for cards by Mrs. Louis Theroux. 1st prize, Mrs. Paul Bougie. 2nd prize, and consolation prize by Mrs. Bolvin and Mr. Arthur Lafleur.

The Knights of Columbus had a most successful very enjoyable card party and concert in the Parish Hall on Sunday evening February 28th. Those who took part in the concert were: Miss Alberta Theroux, a vocal solo; Mr. Tremblay, Mr. D. Leveson and Mr. J. C. Theroux, a play without words, entitled "At the Banquet"; Miss Betty Fraser; Mr. Paul Bougie and Mrs. J. C. Theroux in a short sketch and a very pretty solo; Miss Elanor Macdonald; Miss Clara Anne Theroux and Mr. P. Leveson entitled Temptation.

Attended Communist Convention

The following were delegates at the Communist convention at Paken last Sunday that chose Carl Asselin for candidate in the Athabasca Federal by-election—W. Bougie and John Paton, of Lake House; Mike Wines, of Glendon; Mike Hagerty, of Spadina; and George Campbell, of Belle.

French Talking Picture

Mr. Signer of the Capitol is giving next Monday, Tuesday and Wednesday March 7, 8, 9, the first French talking picture to be introduced in Alberta. It is to be hoped that the great people of St. Paul and district will patronize it. It is also desired that even those with an elementary knowledge of French should be present and it will be surprising how they will appreciate it.

Prince With Plane At St. Paul

KIN OF CZAR OF ALL THE RUSSIAS

His, dear reader it was not a politician coming this time but a prince of the dynasty of the Romanoffs that caused the commotion early Friday morning and moved the great people from their peaceful slumber.

With a few ritualistic and broad sweeps and majestic curves as we got a proper view of our pretty little city a plane gracefully lit on our airport.

Lo and behold a prince, an aviator, members of his staff, auto de camp and grips, traveling bags and equipment to suit a lap Army would its way towards town. A fleet of trucks and limousines went to the residence piloted by our esteemed fellow townsmen Mr. J. L. Gilbert chief inpector of schools whose guest he proved to be.

Prince Gilliland for that is his name was the guest until Sunday of Mr. and Mrs. Gilbert and was entertained by Mr. Mayor Hiron where a reception was held and also by Miss Louise Stenhouse.

When the pretty girls of St. Paul and there were dozens that attended the party held in the prince's honor, learned he had escaped from the fierce fangs of Russia fifteen years ago and speaks French and English and a half dozen continental languages and neatly had been educated at that great European seat of learning Laval and that the prince was really of the nobility and that he was adorably handsome and that lastly he was not yet thirty and not yet married their hearts fluttered.

We dare not name her and live but at least one of St. Paul's fairest daughters is deserving these ravishing sweet dreams and time is flying fast.

The happy Prince is interested in air transportation to Bear Lake, how fascinating!

Bulls Conservative Secretary Feted

A monster farewell party was given to Mr. and Mrs. Roychuk on Saturday evening. About 200 citizens sat at the banquet table in the Farmer's Hall. Their dancing followed until 3:30 a.m. Many expressed regret at Mr. Roychuk leaving Belle especially the Conservatives whose secretary Mr. Roychuk has been for over a year. The impromptu speakers were: Wm. Parsons (U. N. R. agent), G. W. Nykolaychuk, J. Popowicz, mayor of Villam M. D. Geo. Kuznetsov whose flight

Champion

The hotly contested election Saturday resulted in a victory of four only by St. Herkinger over Sylvia Tremblay (Cuth Poll gave 23 to Mr. Herkinger and 20 to Mr. Tremblay. St. Belcher gave 21-21 in favor of Mr. Tremblay. Mr. Herkinger has been 18 years a councillor. After the results were announced by Mr. N. Slater, the returning officer, Mr. Herkinger in a neat speech stated he would serve the municipality as he hoped in as efficient a manner as in the past. He believed there would have to be retrenchment and that expenses would of necessity have to be curtailed. Mrs. Colistin Hurtubise was the clerk in charge and Mr. J. W. Boudry agent for Mr. St. Paul.

In Loving Memory

Oh our dear baby son, Don Irvin Cameron who died at St. Paul Hospital Feb. 28th 1931. Passed on the rest my baby, sweetest rest follows at pain. Sunshine passes, shadows fall, Love and remembrance outlast all.

Spring Park

The U. P. A. Conditions and
Agent was given five samples by
Spring Park U.P.A. and U.P.W.A.

Mr. Louis Nordman and Mr.
D. MacLennan arrived by train at
Lethbridge and from there they
were conveyed by train to the
home of Mr. J. MacLennan.

Mr. Nordman and Mr. MacLennan
were met by the members of the
club and were conveyed to the
clubhouse.

After introduction a special
address was given by Mr. MacLennan
on economic questions also on
the necessity of co-operation.

Mr. Nordman also spoke on
various co-operative subjects, after
which a magnificent banquet was
served by U.P.W.A. Before leaving
a hearty vote of thanks was
extended to ladies by speakers.

Several political questions were
discussed and our candidates stated
that he felt as though Spring Park
club would be the best place to
hold the election.

From U.P.A. Secretary.

Property vs. Poverty

Five years ago we said property
was just around the corner, but
property failed to appear; here,
in its stead came poverty, depression,
unemployment, crime, and
murder, and what advice from
our members then is it now?

At a psychological condition the
land, property, was the cause
of the poverty, was the cause
of the poverty, was the cause
of the poverty.

Since the commencement of the mining boom, the situation the Canadian Pacific Railway has seen a number of clerks in twelfth grade, and the company has been largely responsible for the unemployment of Canadians. When it was apparent in the late summer of 1905, that certain areas of the country were to be developed from almost non-existent resources, the Company took upon

YANGGARD said he was looking for the construction of a branch line between Yanggard and Myingone.

The line would run through the country's poorest regions, bypassing the main routes of traffic, but it would be completed at some time and certainly not at a time when there were no cars.

At this interest, the Chinese will still have \$10,000,000 from the government to develop a branch line in the country where paraffin has been used by the companies in the oil industry since the beginning of the business depression programs of trade.

Yanggard said he could see the Government had days work to follow up on the project, which was being implemented by the Chinese.

He said that the Chinese had assumed that ap-

The J. W. Barry Corporation and Pacific Canadian Pacific Inc. are seeking proposals to give employment to the former employees of the area. The total cost of the line is estimated to be approximately \$1,000,000 and this work is scheduled to start in the summer of 1967.

The Dominion Government subsequently underwent considerable study and the Canadian Pacific proposed upon its completion. This

The company said it had plans to increase its number of employees in the U.S. to 100,000 by the end of the year, which would, normally, not have been started for a number of years. These works included a number of new branch lines, the building of a new station at Regina, some grade

The Farmer's Program

Consequently there are four parties in the field and four voters. Each party and the candidates are dealing with two problems now confronting the constituency in conformity with the light and interests. Therefore, with the object of giving voters a chance to compare programs and policies, proposals that this routine is written as an appeal for comparison in the

A candidate representing Farmers' United Pious party, says that "The most important problem now confronting voters of Atholene and workers of Canada is to find a way and means to save relief ultimately overcome and eliminate crisis entirely." This crisis like all preceding ones, is caused ship of the masses of people and exchange through a by men for private gain. A the farmers and the workers

This fact the heavy farmers in conclusion regard and above which the farmer receive goes to those who exploit the worker. It accords rich without working, while workers remain poor even the all the work. Fact is—the

Furthermore, the introduction of more and more labor-saving machinery about the condition that some 200 million of workers in the mid of the century a comparatively short time for satisfy all demands. The unemployment is now world wide. The exploitation of the farmers and the same in all capitalistic countries result in unemployment because of lack of markets for agricultural products. The poor farmer purchases the products of the big industrial business.

These are immediate demands which will require efficient action by the members of parliament. He isn't up. In no other way can he give the help to accomplish LEAD.

Never in the history of the world have the Communists had so much of a romantic charm. They are the only revolutionaries left—old-fashioned revolutionaries. The great attraction of the Communists lives in the knowledge that they will win. St. Paul, Ohio, is a town of 10,000 people, and after another year of Communist domination, it will have 15,000. The Communists are everywhere, and the people are beginning to realize it. The morale of the Communist party is high, and the political parties are beginning to feel the effect of the Communist party's tactics. The Communist party is the only party that is not afraid of the people. The Communist party is the only party that is not afraid of the people.

U.F.A. Rally

A splendid crowd gathered at the U.F.A. rally held last Friday, June 19th, at the U.F.A. hall in St. Paul, Alberta. The rally was held to raise funds for the U.F.A. and to elect officers for the coming year. The U.F.A. is a non-political organization which is devoted to the improvement of the lives of its members and to the betterment of the community.

The Old and the New

The old and the new are often found side by side in the city of St. Paul, Alberta. The old is the historic U.F.A. hall, which was built in 1910 and is now a landmark in the city. The new is the modern U.F.A. hall, which was built in 1938 and is a fine example of modern architecture. The old and the new are both part of the rich heritage of the city of St. Paul, Alberta.

The recent discovery of lead, zinc and copper followed by the rich showings of pitchblende and silver in the District of Mackenzie, Northwest Territories, Canada, have caused the economic mineral possibilities of this northern area to be re-examined during the last three years. The following article deals in a general way with the history and progress of mineral

development in the district with the purpose of going into details about the geology of the country. It also serves to illustrate the activity of the Department of the Interior in carrying out its geological work.

the country was the first of its kind, although the previous explorations had supplied good sketch maps of different parts of the country. It was found in commercial quantities in the Northwest Territories and had been in circulation for years but it was not until 1919 that the Imperial Department of Mines from Ottawa obtained at La Bine, Quebec, at the request of the Geological Survey, a first-hand record of the localities where the mineral was very rich in uranium oxide and

vised but little geological information. The first detailed exploration and geo'logical study made of this country was by Dr R. Ball in 1906. Since then, geological investigations have been carried out by the Oil Company, after preliminary geological investigations sent two drilling crews into the Mackenzie district to prospect for oil. One crew drilled at Ft. Resolution, Canada, where they obtained gas containing from 30 per cent to 62 per cent corresponding to a content of 0.87 gram of radium in thirteen tons of ore and a half ton of pyrite respectively. The municipalities around Vermilion appear to help by making fine roads so that the price will come to us from a radius of fifty miles. Contrast this with road ten miles east and northwest of St. Paul for instance. You fly along forty or fifty in a direction from Vermilion. Crabs, tomatoes, crab apples were so low that those merchants could not sell out early on Saturday. It comes long distances to Vermilion. The answer is the grain, the quality and the competition in brick in Ver-

but the streets are crowded all day long with shoppers. With a mass of merchants of Venice ever calling through its narrow streets, the C. F. R. to the north is the main thoroughfare and one

We saw a number cutting crops with mowers and rakes up. Many of these poor people will not thresh a bushel.

The difference between a quality article and an inferior one is only a few cents. For instance, take flour. According to government statistics, each person consumes one bag of flour per year on the average. The difference in cost between cheap, poorly milled flour and clean, pure flour is not more than 45¢ per bag of 90¢ per person per year. For a family of four the difference would be 4 times as much or \$3.60 per year, which is less than 1¢ per day for 365 days.

The reports from Robin Mills and other leading firms in the West show that quality wine is again in demand. This is a good sign that better times are ahead.

Would You Cook An Unwashed Potato?

You would not think of serving potatoes or other vegetables from the garden without thoroughly washing them. Likewise flour made from unwashed wheat? The wheat from which Robin Hood flour is made is washed in huge washing machines, each one using 100,000 gallons of water every 24 hours.

STUDY THIS PICTURE— THEN THINK

The difference between CLEAN, PURE, Robin Hood flour and cheap, unwashed flour is only in the price paid for a family of four.

\$700 Arrears on Our Subscription List

AMONG the large number in arrears with their subscription to The Journal are many who have no money and as an inducement to have them square their accounts we are asking them to bring wood, vegetables, turkeys or poultry.

He Looks Sore

So far the following were good enough to comply with our request:

- J. McNamee - St. Brides
- Alph Turrell - St. Paul
- Tom Phillips - " "
- Paul Beauchamp - " "
- J. A. Fortier - " "
- Fred Routier - Lac Beauveau
- P. A. Côté and Tom Clark - brought turkeys
- J. Makowski - brought potatoes

Many admit they cannot sell these things but surely they can pay their small accounts this way?

There are a few who promised to bring wood even last year but have not yet done so. These will be cut off our lists as well as others who are stalling.

Over 7000 of Unpaid Subscriptions as we cannot afford to continue sending the paper to those who will not or cannot pay. You will agree that we have been easy.

Premier Brownies Reply To Farmers' Resolutions

The Secretary, Farmers' Meeting, St. Paul, Alberta, has received the following resolutions from the farmers of the St. Paul district, passed at a recent meeting of the Farmers of the St. Paul district, held at the St. Paul Hotel, St. Paul, Alberta, on January 2nd, 1933.

GOLD STANDARD. While we are, as citizens, when the possibility of the gold standard is discussed, we have no objection to the gold standard, but we do object to the gold standard as a means of adjusting the value of money to the value of goods.

TELEPHONE RATES. May I point out that out of 95,000 farmers in the province only about 10,000 are using telephones. No rural telephone exchange pays its way and the present rural telephone rate is only approximately 50 per cent of the cost of maintenance and operation of such telephones.

MOBILIZATION. There is no doubt as to the power of the provincial government in the matter of mobilization. In view of the fact that the provincial government is exclusively under the Dominion government, we have the power, however, to mobilize the province.

REGIONAL INDEMNITIES. The regional indemnities of the Alberta legislature have been reduced proportionately with those of other provinces as have also been the salaries of our civil servants. I have, personally, never seen the justice of the position that because civil servants are working for the general public they should be singled out from all other wage earners and made the subject of excessive salary reduction, regardless of the level of other persons doing similar work.

WHEAT BONDS. The provincial government could not possibly issue a bond as wheat. We have made our representation to the Ontario for the payment next year of the financial position of the Dominion of Canada is not such as to warrant any longer provincial wheat bonds.

LAKE FREIGHT RATES. We have, presented, as a government, against the increase in Lake freight rates and the Dominion government has made a slight reduction. May I point out, however, that the bulk of the freight rates goes to the market by way of Vancouver and that the province of Alberta is only very slightly benefited in this question.

The individual, it applies to persons who are not farmers, but the class as well as the farmer on the land. It applies equally to the farmer who may only have one acre of land as well as to the farmer who has 100 acres.

A resolution was adopted by a majority
was tabled to permit the pre-
mier to give his address. After he
was through and following the
general business of the day that
concluded, the resolution died on
the table. The change was made that
former were being that had be-
cause of tax rates and when the
premier challenged the statement
and asked for more, there was no
response. He stated that not one
person in the province of Alberta
who was living on his land had
lost a through tax rate.

Frug Lake

Let us start out by wishing everybody a Very Happy New Year.

A number of commercial fisherman at the lake of Mr. and Mrs. W. Brown in a variety of boats, have been out on the lake since the morning of January 18th. They spent the evening in playing cards and games. A typical view of the lake and its surroundings was seen from the shore.

Mr. and Mrs. W. Brown and daughter who spent time and money on the lake, have returned to their home in Regina.

Mr. Harry Cottle and W. Gaudin returned to the lake in their motor boat, and were seen in the lake on the morning of January 18th.

PLAIN LOGIC

IF YOU don't advertise, Mr. Merchant, can you blame the mail order houses for advertising extensively in this district?

A community that is not served by the faithful advertising of the local merchants has proved fertile soil for the mail order houses!

Mr. Merchant,

WHO IS TO BLAME? If the mail order houses extol this community when you fail to advertise!

Use the columns of the Journal and permeate the community with live local advertising!

The Journal carries many advertisements of nationally known goods. Advise the public that you can supply these goods.

By Louis Gaudin Barrow
O'LEA was home from the war. His pay was in his pocket. But it was not what he had come home to. He had come home to a world that was not his. He had come home to a world that was not his. He had come home to a world that was not his.

These Tempting Changes
He would make his way to the business market, it was easier day, and there would be more. He would make his way to the business market, it was easier day, and there would be more. He would make his way to the business market, it was easier day, and there would be more.

Two faces worried him—first that he had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right.

Not until he was in the Gulf of St. Lawrence, looking down at the sea, did he know that he was home. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right.

He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right.

He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right.

He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right. He had not saved right, then that he had not saved right.
